RALEIGH

The 1922
RATTLE

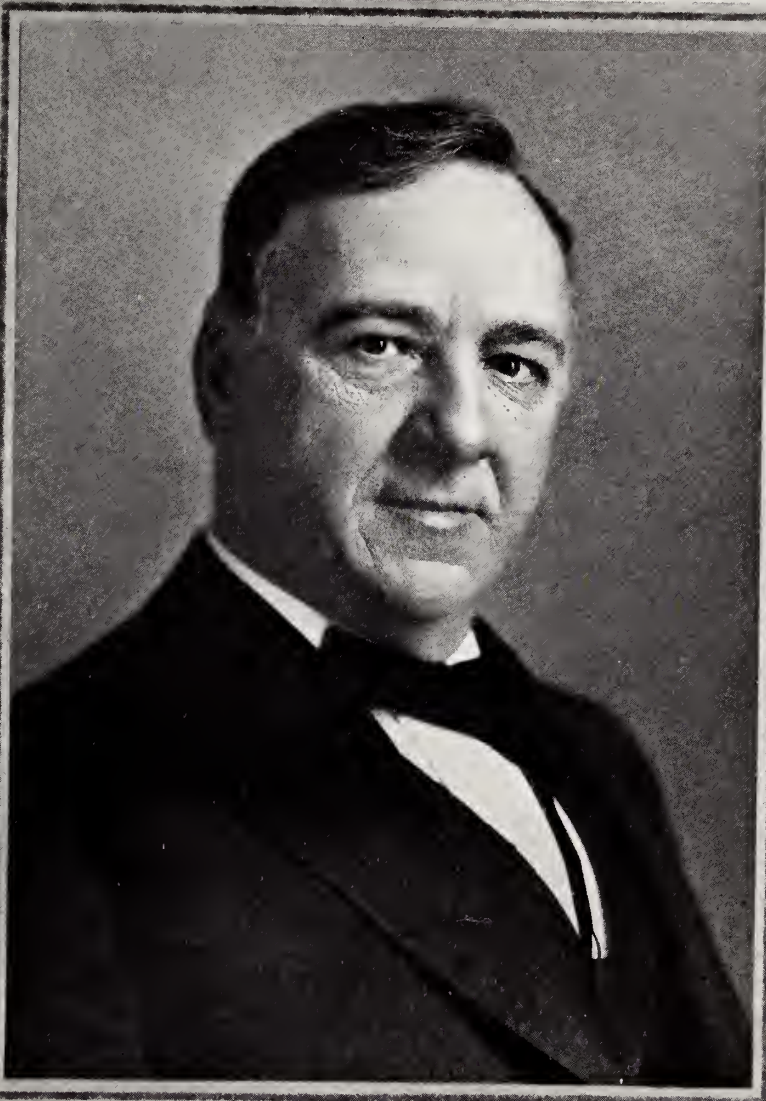

VOLUME XIV

*Published Annually by the Senior Class
of the Raleigh High School*

TO THE COMMITTEE OF FIVE MEMBERS OF
THE CHAMBER OF COMMERCE, REPRESENT-
ING THE CITIZENSHIP OF RALEIGH IN THE
LAUNCHING OF THE MILLION DOLLAR BOND
ISSUE, WE RESPECTFULLY AND APPRECIATIVELY
DEDICATE THIS EDITION OF

The Rattler

Sincerely yours,
Josephus Daniels

JOSEPHUS DANIELS, *Chairman*

Digitized by the Internet Archive
in 2014

The Committee and the Issue

The splendid majority by which the million-dollar bond issue was carried redeemed Raleigh Township from what might have been a great calamity not only to Raleigh but, because of Raleigh's position as the political and educational center, to the State as well. The action of the citizens of the Capital City on the fourth of April, 1922, prepared the way for a new era of educational life in the township. In recognition of the significance of this accomplishment the Senior Class of 1922 of the Raleigh High School has dedicated this year's edition of THE RATTLER to the citizens of Raleigh through the committee consisting of the five men whose names appear below.

Early in this year the Chamber of Commerce, representing 860 members, held an open forum mainly for the purpose of adjusting the amount of bonds possible to carry on the reasonable needs of the schools of the Raleigh Township. The report based on a careful survey called for the expenditure of one and a half million dollars. To some this amount did not seem large when compared with the physical needs of the Raleigh schools. But others felt that it would be impossible to carry a bond issue of one and one-half million dollars. Hence the following resolution was offered by the committee and was adopted:

Resolved, That it is the sense of this meeting that an election should be called, submitting to the voters at the earliest possible date, the question of issuing one million dollars in bonds for school buildings, and that to such a proposition we pledge our complete and undivided support, and commend the favorable action of the voters as essential to giving proper facilities for the education of the children of our city and community.

THE COMMITTEE,

JOSEPHUS DANIELS, *Chairman*,
H. H. BRINLEY,
DAN ALLEN,
WILLIS SMITH,
ALBERT ANDERSON.

JOHN A. HOLMES, *Principal*

HUGH MORSON, *Principal Emeritus*

Latin Department

Professor Hugh Morson, head of the Latin Department, has been prominent in Raleigh educational circles for a number of years. He is a native of Virginia. He spent four years of preparation for college at the Kenmore School, Fredericksburg, Virginia; and two sessions (1869-1871) at the University of Virginia, where he received diplomas as full graduate in the separate schools of Greek, Latin, French, German, chemistry, moral philosophy, and junior mathematics. He has taught without interruption from 1872 to the present time. The first two years he was in charge of a private school in Virginia; from 1874 to 1877, instructor in Greek and Latin at the Horner and Grans Military Academy, Hillsboro, North Carolina; from 1877 to 1906, he was principal of the Raleigh Male Academy; from 1906 to 1920 he was principal of the Raleigh High School; and from 1920 to the present time, he has been principal emeritus of the school. It is a great privilege to be under Mr. Morson in Latin and all his students seem to realize it.

C. E. WESSINGER

J. F. CASON

Mathematics Department

The head of the Department of Mathematics this year is Mr. Chalmers E. Wessinger who, we are glad to say, will be with us next year as head of the department, and also as assistant principal of the High School. Mr. Wessinger has the degrees of L.I. and B.A. from the University of South Carolina; has been connected with schools at Greenwood, S. C., Inman, S. C., Lancaster, S. C., and Greenville, S. C. He has done graduate work at the University of Tennessee and Columbia University.

English Department

Mr. John F. Cason, head of the English department, has taken an important part in the activities of the High School students. He has had charge of the High School magazine, the Annual, and the publicity work for the newspapers; and has taken much interest also in High School athletics. He came to Raleigh from Augusta, Georgia, in 1920.

His training was received at several institutions in Georgia. He completed the full High School course at Hephzibah High School from January, 1898, to June, 1899; received his B. A. degree and extra credit in Philosophy at Mercer University, Macon, Georgia, 1899-1902; had special course in English, philosophy, and Biblical literature, Baptist Theological Seminary, Louisville, Ky.

He has been principal of public schools at various places in Georgia; English instructor Boys' High School, Atlanta, Georgia; principal and instructor in Atlanta Suburban Schools, Fulton County System; principal High School and Grammar School, Monroe, Georgia; principal Jessie Wisdom Institute, West Point, Georgia; head English Department, Richmond Academy, Augusta, Georgia; instructor summer sessions at Tubman (Girls' High), Augusta, Georgia; and head English Department, Raleigh High School, 1920-1922.

VICTOR M. DAVIS

History Department

Mr. Victor M. Davis, the head of the History Department, is a graduate of the West Tennessee State Normal School, Memphis, Tennessee. He was a special student at the University of Toulouse, France, in 1919, and received his B.A. in education, University of Tennessee, in 1920. He was a graduate student at the University of Chicago, in the summer of 1921.

Mr. Davis was principal of the Benham High School, Benham, Kentucky; taught at the Levi School, Memphis, Tennessee, and was instructor of U. S. Rehabilitation Service for Wounded Soldiers, University of Tennessee.

A. F. ROLLER

Science Department

Mr. A. F. Roller, head of the Science Department, has been at the Raleigh High School for three years, and will be with us again next year. He is a graduate of Holstein Institute, Blountville, Tennessee; graduate B.A. course, University of Tennessee, and has done post-graduate work at the Georgia School of Technology; State College, Raleigh; Marine Biological Laboratory, Cold Spring Harbor, New York.

He has had extensive teaching experience. He was for three years principal of graded schools, Sullivan county, Tennessee; one year principal East Side School, Paragould, Ark.; two years supervisor of schools, Lucban District, Tayabas Province, Philippine Islands. He was head of the Science Department, Johnson City, Tennessee, High School for one year, and later principal of the Moore County, Tennessee, High School. During 1918-19 he was instructor at the Georgia School of Technology.

MRS. J. S. KASBERGER

Domestic Science Department

The head of the Domestic Science Department is Mrs. J. S. Kasberger, who has the degree of B. S. from Michigan Agricultural College. She was for three years at Sagamore, Michigan, at the Arthur Hill Trade School, and has been two years at the Raleigh High School.

J. WARREN SMITH

Industrial Department

J. Warren Smith was graduated from Teacher's College, Miami University, Oxford, Ohio, 1914; diploma in Industrial Arts, Miami University; instructor, 1914-16, two years, Connersville, Indiana; supervisor Industrial Arts, 1916-18, Miami University; assistant professor, two years, 1918-20; Raleigh, North Carolina, 1920-21-22.

MISS GLADYS RICHARDS

MISS ELIZA POOL

Commercial Department

The head of the Business Department, Miss Gladys Richards, has been with us for nine years, and we hope she will be with us many more. She is a graduate of the Detroit Business Institute.

French Department

Miss Eliza Pool, affectionately known to hundreds of Raleigh boys and girls as Miss 'Liza, is the head of the French Department. She has had every advantage in training for her work and has not only been under the best teachers of languages in this country and abroad, but has also had extensive teaching experience. In fact, in school parlance, "What Miss 'Liza doesn't know about French isn't worth knowing."

After her preparatory training at Oxford, N. C., she had private teachers in French, German, Greek, and Spanish. She was for two years at the Sauver School of Languages; two summers at the Summer School of Amherst College, Oswego, N. Y.; for four summers at Columbia University, New York City; was at the University of Geneva, 1901, and at La Sarbonne, France. Besides this, she has had lessons in various other well-known summer schools. She has taught in the Raleigh schools a number of years, and we hope she will always be with us.

Colors: RED AND WHITE

MARTHA GRAY ADAMS

"MARTHIE"

Age 18; Weight, 130; Height, 5 feet 6 inches

RATTLER Staff, 4; Class Prophet, 4; Morson Literary Society, 4; Glee Club, 1, 2; Ho'mart Club, 4.

Martha is one of the "Old Reliables" of our class. How could we have gotten along without her drawings and paintings? Well, we just couldn't. But anyway we didn't have to do without her and we feel that her work for us has been praiseworthy from many standpoints. Martha is a good student too; just ask some of her teachers.

JOSEPHINE AUGUSTA ALFORD

"Jo"

Age, 17; Weight, 126; Height, 5 feet 6 inches

Athletic Association, 1, 2, 3, 4.

"Jo" hasn't been with us all through the four long happy years at old R. H. S., but we feel sure that she is one of us as much as is any one in the Senior Class. She quickly won fame in the cooking class, and also won a place in the hearts of the hungry students at lunch period. We can see in "Jo" a future as a domestic science teacher. Lucky will be the man that wins her hand.

CELESTE LOIS ALLEN

Age, 15; Weight, 128; Height, 5 feet 5 inches

Morson Literary Society, 2, 4; Glee Club, 2; French Club, 4.

Celeste is one of our "bobbed haired lassies" and quite an addition to the band is she. We don't know her so very well, but so far as our acquaintance goes we are pleased. She is a fine girl in lots of ways and as we say good-bye to her we also say good luck.

DAHLIA RODEME ALLEN

"DEMA"

Age, 17; Weight, 120; Height, 5 feet 4 inches

Morson Literary Society, 2, 3, 4; Glee Club, 2; Girl Scouts, 3; French Club, 4; Science Club, 4; Girls' Reserves, 4.

"Dema" is a popular senior; if you don't believe it, ask any member of the Senior Class in Raleigh High School; or, if you prefer, ask a certain gentleman out at North Carolina State College. She is as good as gold and always prompt in her classes and ready to give a kind word and cheery smile to her sad and downcast comrades struggling along the straight and narrow way to graduation.

AUGUSTA WARE WEBB FORD ANDREWS
"Gus"

Age, 16; Weight, 141; Height, 5 feet 8 inches

Morson Literary Society, 2, 3, 4; Science Club, 3; Dramatic Club, 3, 4; Basketball, 3; Captain, 3; Manager, 4; Athletic Association, 1, 2, 3, 4; Athletic Council, 4; Girls' Athletic Association, 4; President, 4; Glee Club, 1; Orchestra, 4; Ho'mart Club, 4.

Gus is a peach of a girl. Just look at her honors and you will see what an important part she has played in High School life for the past four years. We agree that "Funny Girl" is a good sport and will try any thing once, except something that would be against old R. H. S., for she is one of the most loyal. One might talk on indefinitely about the good points of the wholly good girl, but what's the use; we know her, and to know her is to like and admire her.

DAISY ATKINSON

Age, 16; Weight, 115; Height, 5 feet 2 inches

Athletic Association, 1, 2, 3, 4.

Daisy is so very quiet that we hardly know she is about, but she is. As for typewriting she is some "fast" lady. Any time you hear the keys flying, take a peep and I wager it will be Daisy pounding away. It has gained her something too, for she is one of the three to go to Greensboro for the contest. Not only in typewriting is she good but in all her work, though Mr. Davis did say, before Christmas, that he didn't really know what she could do. (She showed by her exam paper that she had been in his class, and been there with all ears open.)

BRANDON HENRY ARMISTEAD
"GRAVY"

Age, 17; Weight, 98; Height, 5 feet 2 inches

Lewis Literary Society, 2, 3, 4; Science Club, 3, 4;
RATTLER Staff, 4; Orchestra, 1, 2.

Brandon and Charlie are the best of pals, making a well-rounded pair, for what one can't do the other can. He is very smart and is liked by every member of the class. "We expect big things of you, m'boy."

CHARLES A. ASHBY, JR.
"CHARLIE"

Age, 18; Weight, 137; Height, 5 feet 10 inches

Lewis Literary Society, 1, 2; *Purple and Gold* Staff, 4; Orchestra, 1, 2; Science Club, 3; Football Squad, 4; Honor Society; Athletic Association, 1, 2, 3, 4.

Charles is one of the best all round fellows imaginable and we like him a heap. He's awfully smart too, belongs to the Honor Society, and distinguishes himself in so many ways that we are proud of him. Charles has a "Ford," and a good time he has with "that ole car." He has all that is necessary to make the best and he is of the best. "Good luck, ole boy."

LENA MAY BASS

Age, 17; Weight, 110; Height, 5 feet 5 inches

Athletic Association, 1, 2, 3, 4.

Lena is one of those quiet girls who doesn't give one much of a chance to become well acquainted with her, but we all know that she is right there when it comes to work, as is shown by her splendid typewriting record. She can always be found in the typewriting room, and for all that she is elected, unofficially, the neatest girl in the Senior Class. We like Lena, and she hasn't an enemy in the whole school.

WINIFRED BEDDINGFIELD

"WINN"

Age, 17; Weight, 128; Height, 5 feet 8 1-2 in.

Glee Club, 1, 2; Dramatic Club, 4; Athletic Association, 1, 2, 3, 4; Morson Literary Society, 2, 3, 4.

She can talk, oh yes, she can talk at any time to anybody; hence the name of "Perpetual Motion." One funny thing about it though, is that when this young lady talks (which is always) she says something! All together "Winn" is some old girl, and the Class of '22 is glad that she is a member. Each and every one of us considers her our friend, and we all just love to "talk" to her.

MARGARET BELL

"SAMMY"

Age, 18; Weight, 108; Height, 5 feet 2 inches

Morson Literary Society, 1, 3; Athletic Association, 3, 4; Glee Club, 1, 2.

Margaret is always ready for a trip to Wake Forest, and we've been told that "there's a reason," but we wonder! You know clothes, don't you? Well I'll say Margaret has 'em and has 'em galore. She always looks nice and is awfully attractive. She hardly ever comes to school, but she seems to get by with it; and that is something these days, with everything so *strict*. The "goodest" kind of a future for her is one of our best bets.

FRANK MEBANE BELL

Age, 16; Weight, 115; Height, 5 feet 6 inches

Athletic Association, 1, 2, 3, 4; Lewis Literary Society, 3, 4; Hi-Y, 3, 4.

If it were not for his size Frank would surely have made a name for himself in the world of sports. A good player in both football and basketball, he was handicapped to such an extent by his more or less diminutive stature that he was not able to make full use of his ability. However, he was successful in tennis, and ably represented the school in the state-wide tournament. Like his friend John, he also is not inclined to ponder over many volumes of cut and dried knowledge, but is inclined to devote most of his time in other directions.

E. G. BIRDSONG, JR.

"Bird"

Age, 17; Weight, 148; Height, 5 feet 11 inches

Athletic Association, 1, 2, 3.

Bird has played quite an important part in our High School world, always having a good time and helping us to forget our worries. I don't believe "Birdsing" hurts himself studying, but what's the use? Any way, we know and like him, and hope his future will be one big smile.

SADIE RUTH BOYKIN

"Billie"

Age, 16; Weight, 112; Height, 5 feet 1 inch

Morson Literary Society, 3, 4; Girls' Reserves, 4; French Club, 4; Athletic Association, 3, 4; Girls' Athletic Association, 4.

Sadie is a fine cook. "A word to the wise is sufficient." The pleasant smile which she has while serving in the cafeteria seems to put a delicate touch to our meals. She also possesses a great deal of school spirit and is always one of the first out to cheer our teams on to victory.

KATHERINE MADELINE BRETSCHE

Age, 16; Weight, ?; Height, 5 feet 6 1-2 inches

Honor Society; Athletic Association, 1, 2, 3, 4;
Girls' Athletic Association.

Katherine is a wonderful girl, really she is. Her scholarship standing is unusually high. But with all her brilliance she is one of the best rounded girls in our class, going in for a good time as well as a fine reputation.

SAMUEL CLAY BRIDGERS

Age, 18; Weight, 150; Height, 5 feet 11 inches

President Class, 4; RATTLER Staff, 4; Class Basketball, 4; Lewis Literary Society, 4; Vice-President Class, 2; Athletic Association, 1, 2, 3, 4.

It would be impossible to find a better all round person than Clay. He has led the class through our never to be forgotten Senior Year, and well has he accomplished his task. As business manager of our RATTLER he has shown himself efficient. And my goodness! he is good looking and popular; all the girls voted for him. I think this about sums Clay up; anyway he's fine!

SARAH VOSS BROOKS
"SARA"

Age, 17; Weight, 112; Height, 5 feet ¼ inches

Glee Club, 1, 2.

She's cute and bobbed haired. Furthermore, she wants all comers to know that the Irish are all right, that Caesar crossed the Delaware and that William Penn shot an apple off his son's head. Of course, Sarah's bobbing her hair isn't all her fault because its partly Landrum's, but we can't help laughing when we think about the first time we saw her with the abbreviation. Sarah was on the photographing staff of the RATTLER and showed her usual efficiency and ability in making most of the senior snapshots.

WILLIAM G. BRUNER
"BILL"

Age, 16; Weight, 145; Height, 5 ft. 7 1-2 in.

Lewis Literary Society, 1, 2, 3, 4; Declamation Contest, 2, 4; Football Squad, 3, 4; Basketball Squad, 3; Team, 4; Hi-Y, 3, 4; President, 4; Athletic Council, 4; Athletic Association, 1, 2, 3, 4; Science Club, 3; French Club, 4; Class Day Orator; *Purple and Gold Staff*, 4.

Best all round certainly does typify Bill. He is blessed with one of the finest physiques in High School and in addition to this physical quality he is of the highest mental and moral order. While not inclined to exert himself in his studies yet he passes his subjects by a safe margin and devotes the remainder of his time to athletics. Misfortune struck him hard in football, but in basketball he came forth and showed the people, all the way from Durham to Richmond, the material that he is made of. When the High School has lost him it has indeed lost a scholar, a gentleman, and a man.

GLADYS LORRAINE BYRUM

Age, 18; Weight, 120; Height, 5 feet 6 inches

Ho'mart Club, 4; Secretary-Treasurer, 4; Girls' Athletic Association, 4; Dramatic Club, 3, 4; Secretary-Treasurer, 4; Morson Literary Society, 3, 4; Chaplain, 4; Girls' Reserves, 4; Athletic Association, 2, 3, 4.

One of the most charming and popular members of the class is Gladys. She is one of the few students of the Senior Class who manages to make A on every thing except perhaps, French. She and Mr. French had rather a hard time getting acquainted; but now she can "parlez-vous" as well as any of Miss Eliza's or Mrs. Parker's students. Her radiant disposition, large expressive brown eyes, and chestnut-brown curls make her easily one of the most captivating members of the class.

HULDER ETHEL COLLINS

Age, 19; Weight, 123; Height, 5 feet 2 inches

Glee Club, 3.

She comes and she goes, but we know her not. She is nice and she works hard, but we have never been able to penetrate her reserve. However, we know we would like her "heaps," if we knew her better, in spite of it all. We wish for her success in abundance with all good things thrown in for good measure.

ELIZABETH CROSBY
"BETTY"

Age, 18; Weight, 127; Height, 5 feet 5 inches

Science Club, 4; Girls' Reserves, 4; President, 4.

Elizabeth is a girl that everybody likes, a friend to all. She is always ready to do what she can to help somebody else. Elizabeth is very reliable too. You never hear of her shirking her duty when she is called on or whenever there is anything to be done. She isn't one that does a thing just to finish it, but she always does it well. And when she is given a job we always know that it will be done by a very reliable student.

WILLIAM A. COOPER, JR.
"BILLY"

Age, 17; Weight, 110; Height, 5 ft. 4 1-2 in.

Lewis Literary Society, 3, 4; Hi-Y, 3, 4; Dramatic Club, 4; Science Club, 3, 4; Senior Play; Athletic Association, 1, 2, 3, 4.

Bill is a wide awake member of our class. While small in stature he is "loud" in manner and work. As the "bad little boy" in our Class Play he could not have been surpassed. We don't believe he has ever been very desperately ill from over-work but we know he can work, and does when necessary. Taking him all in all he is some boy, and we all like him.

CAROL DAVIS

"TEDDY"

Age, 17; Weight, 130; Height, 5 feet 4 inches

French Club, 4; Morson Literary Society, 4; Wendell H. S., 1, 2, 3. President Class, 2; Adelpian Society, 1, 2; Basketball, 2.

Have you ever heard Carol do that piece about "Ain't gona cry no mo'"? If you haven't, you've missed a treat. We all like Carol and she is one of our most popular girls. We hope for her the best of success, with health, wealth and happiness thrown in. May none of her days be "dusty Brown."

MARY DAVIS

"IZZIE"

Age, 17; Weight, 115; Height, 5 feet 3 inches

Morson Literary Society, 2, 3; Athletic Association, 3; Castile Literary Society, 1; Glee Club, 1.

Mary can readily be called one of the most attractive girls in the Senior Class. Everything is as neat as a pin with her. She never gets frustrated, except when in typewriting she looks at ———, but that is none of our affairs. We expect great things of Mary (if she doesn't get married), some day to see her famous in politics, because when it comes to being a business expert she is right on the job.

JULIA DICKINSON DELAMAR
"Dick"

Age, 17; Weight? Height, 5 feet 2 inches

Morson Literary Society, 2, 3, 4; Athletic Association, 1, 2, 3, 4; Girls' Reserves, 4; Dramatic Club, 4; French Club, 4; Ho'mart Club, 4; Honor Society, 4.

Julia, like her honored sister, is a student of much ability. During our war with "Trig" and Solid Geometry she always had a cheery word for her less fortunate friends, to whom these two were regular enemies. Julia not only does her duty in school, but she also enjoys dancing and sports of all kinds.

CLAUDE BAKER DENSON
"C. B."

Age, 17; Weight, 145; Height, 5 feet 9 inches

Athletic Association, 2, 3, 4; Lewis Literary Society, 4; Hi-Y, 4; Honor Society.

You've heard of people lazy, and yet not lazy? Well, that's Claude all over. We hear he's awfully social; 'course, we don't know. We do know, though, that he wields a wicked tennis racquet. But, all joking aside, Claude is as good as they make 'em. What more could we say? We know this young gentleman will be a very successful man in the future, and we hope he will not have to work any harder than he has had to work at High School.

MORRIS E. DE RIEUX
"KNOX"

Age, 19; Weight? Height, 5 feet 7½ inches

Athletic Association, 4; Class Poet, 4; Morristown
H. S. Athletic Association, 2, 3.

"The Class" didn't know what a good thing it was missing till, along 'bout the third week of our Senior Year, in came Morris. He was given a royal welcome, and at the next class meeting was elected Class Poet. Friendliness is this admirable chap's middle name.

VERA LEE EDWARDS
"V"

Age, 17; Weight? Height, 5 feet 3 inches

French Club, 4; Athletic Association, 3, 4.

Vera joined our class during the middle of our Freshman Year. Ever since she has been with us she has been a real student, and we all feel that her coming was a very good addition to our class. Just get out of luck some day and immediately go to Vera for help. You will then realize what a bright girl she is, and how much help she can be to you.

JAMES M. EDWARDS, JR.
"Mug"

Age, 16; Weight, 150; Height, 5 feet 11 inches

Basketball, 3, 4; Manager, 4; Hi-Y, 2, 3, 4; President, 3; Athletic Association, 1, 2, 3, 4.

Usually quiet but sometimes boisterous, letting the boy that is within him assert itself, Mug has successfully wound up his four-year journey through High School. None too brilliant in his studies nor at all sensational in basketball, he has shown his excellent and dependable abilities in all lines of activities. He is popular with everybody, hated by none. His career has been far from a failure, and we expect of him the same continued success throughout his college and professional and business life.

HARRIS AUGUSTUS FETNER, JR.

Age, 18; Weight, 138; Height, 5 feet 11 inches

Baseball, 3, 4; Athletic Association, 1, 2, 3, 4.

Did you ever see an eighteen-year-old boy with the actions of an eight-year-old child? Well that's Harris all over. Whenever there's any chance of getting foolishness out of nothing Harris realizes the possibility first and is sure to get his share of fun. Whenever he settles down to work he learns his lessons, but he is usually prevented by his desire of getting his daily fun by any and all known methods of tormenting and aggravating his fellow student, from pulling out neckties and punching into the ribs to making use of the far-famed pin.

HARRY CLIFTON GASKINS

"JIM"

Age, 18; Weight 125; Height, 5 feet 5 inches

Athletic Association, 1, 2, 3, 4; Dramatic Club, 4; Hi-Y Club, 4.

Give "Gopher" a uke, a girl, and a few gentle moonbeams, and you'll have Wallace Reid, Jr., par excellence. In his school life he specializes in physics, and is nothing less than a demon when it comes to unraveling Milikan's and Gale's Laboratory Problems. Then, too, playing as Edward in the "Gypsy Trail" he showed marked dramatic ability. So, summing everything up, Jim is one of the best-rounded fellows in the class.

Charles Hopkins Garvin

Born May 19, 1904

Died September 25, 1921

SAMUEL GINSBERG

"SAM"

Age, 18; Weight, 130; Height, 5 feet 7 inches

Lewis Literary Society, 4; Science Club, 3, 4; Dramatic Club, 4; RATTLER Staff, 4; Athletic Association, 1, 2, 3, 4; Honor Society.

Sam has surely made his mark in Raleigh High School, as a student. Wherever he and Sid may be, there is also a goodly collection of knowledge, gathered both from textbooks and experience in the business world. Sam is seen and heard more than his chum, being an active member of the Lewis Literary Society, RATTLER Staff, and having been the star butler in the "Gypsy Trail." He always has his shoulders to the wheel, pushing and working for a better and bigger High School. Sam is now a newspaper man, alternating between the business office and the editor's chair; but he announces his intention of becoming a D.D.S.

GARLAND O. GREEN

"DARLIN'"

Age, 18; Weight, 140; Height, 5 feet 4 inches

Athletic Association, 1, 2, 3, 4; Vice-President Class, 4; *Purple and Gold* Staff, 3; Hi-Y, 2, 3, 4; Secretary and Treasurer, 2, 4; Basketball, 1, 2, 3, 4; Captain, 3, 4; Football Squad, 1; Team, 2, 4; Baseball, 1, 2, 3, 4; Captain, 2; Track, 3; Athletic Council, 4; Press, 4; Lewis Literary Society, 1, 2.

Ah! this is our athlete. When it comes to any of the sports, Garland is right there, and has been for all the four years of his High School life. With no exceptions, he is the best sport we know, and is decidedly one of the most popular boys in the class. In other words, he is just an all-round good fellow. We all know and like him, and wish for him the best things the world has to offer—health, wealth, and happiness.

ELIZABETH GRISSOM
"SHAW"

Age, 17; Weight? Height, 5 feet 6 inches

Morson Literary Society, 4; Athletic Association, 4.

Elizabeth is not only a good typist—she stands high in all her studies, and, although we ought not tell it, we fear her business career will be very short, because, from all indications, it will not be long before her name will be no longer Grissom. But she is one of our "goodest" girls, and we wish all that is good for her.

MARGARET HANDY

Age, 17; Weight, 110; Height, 5 feet 3 inches

Morson Literary Society, 3, 4; Girls' Athletic Association, 4; Treasurer, 4; Secretary-Treasurer Class, 4; Science Club, 3, 4; Dramatic Club, 4; Ho'mart Club, 4; Girls' Reserves, 4; Athletic Association, 1, 2, 3, 4.

She has the distinction of having the class pay her quite a compliment by electing her its best all-round girl. Margaret is such a "good ole girl" we just couldn't help liking her. She came to us our second year, but she has adapted herself so well to our customs, we feel as if she had started out as a "Freshie" with us. Honor, Margaret's chief concern. She is a good, all-round girl—the kind from whom we are loath to separate.

HALLIE M. HARDIE

"HAL"

Age, 18; Weight, 110; Height, 5 feet 3 inches

Morson Literary Society, 3, 4; Athletic Association, 1, 2, 3, 4; Girls' Reserves, 4; Science Club, 4.

Hallie is another of our business students, and a fine one she is—in fact, one of Miss Richards' specials. Why, she will even write her shorthand as many as four times, and Miss Richards requires only five. Hallie and Myrtle go together all the time, and have done so for four years. I think this speaks well for her "stickability." Loads of other good qualities has she. Just ask 'most anybody.

ADNA ELIZABETH HOWELL

Age, 16; Weight, 109; Height, 5 feet 5 inches

Athletic Association, 1, 2, 3, 4; Girls' Athletic Association, 4; RATTLER Staff, 4; Girls' Reserves, 4; Morson Literary Society, 1, 2, 3, 4; Secretary, 4; Ho'mart Club, 4; Vice-President, 4.

Attractive! Well, I should say so. Adna has the honor of being the most attractive member of the Class of '22. She has other honors also; she has a big green Wescott, and is always ready to take a "load" of fans to the out-of-town games. Aud, gracious! The Staff! How could it have possibly gotten along without the "million" ads that she has gathered? Lots of other things could be said about our "ad girl," but space doesn't permit it.

HARRY HOWELL

Age, 17; Weight, 120; Height, 5 feet 6 inches

Science Club, 3, 4; Athletic Association, 2, 3, 4; Hi-Y, 3, 4; Basketball Squad, 4.

Harry is a true gentleman, and that alone is enough recommendation for any boy. He is a good athlete too, as proved by his fine playing on the "home room" teams. Harry is also a good student and is liked by all his teachers. The Class of '22 wishes him the best of luck in his chosen career.

PHILIP HOWELL

"Phil"

Age, 15; Weight, 118; Height, 5 ft. 5 1-2 in.

Hi-Y, 3, 4; Athletic Association, 2, 3, 4; Science Club, 3, 4; Football Squad, 4; Basketball Squad, 4.

Phil is the one with the tan sweater, if you don't happen to know 'em apart. He is always ready for a joke, even one on himself. All the same Phil knows a lot, at least the teachers all say so; and whose words mean more than their's? It really is a fact though 'cause he is an Honor Society man; good marks are essential you know.

MINNIE EDNA HONEYCUTT
"MIN"

Age, 18; Weight, 111; Height, 5 feet 6 inches

Morson Literary Society, 2, 3; Athletic Association, 1, 3, 4.

Minnie is a friend to us all and she is loved by all. Whenever you want to find "Min" just look for "Joe" and vice versa. She is one of our old standbys in the Senior Class and everybody knows that there are few like her. We missed her more than words can express when she fell and hurt her knee and had to stay out of school so long. And now what shall we do after we have graduated and gone our ways?

ELSIE HUDDLESTON
"SAL"

Age, 20; Weight, 98; Height, 5 ft. 1 1-2 in.

Girls' Reserves, 4.

Quite a little girl is Elsie, but big enough, we think. We wonder some time if Elsie likes coming to school as well as she likes "Jane." Anyway she is a fine girl and we are proud to claim her as a member of the grandest class in the world. She is another of our "Business Students." We envy the man who gets her for his stenographer, because we think she'll be quite an addition to any office.

KATHLEEN HUNTER

"NAN"

Age, 18; Weight, 118; Height, 5 feet 5 inches

Glee Club, 1, 2; Morson Literary Society, 1, 2, 4; President Class, 2; RATTLER Staff, 4; Science Club, 4; Dramatic Club, 4; Athletic Association, 3, 4.

Most original, most talented, wittiest. It doesn't seem quite right for one person to have all these gifts, but nevertheless Kathleen has been voted all these by the Senior Class and what it says goes. Stop! Look! Listen! the wonderful mystery has at last been solved. The locomotive whistle that has added spice to Mrs. Parker's French class was due to her power as a ventriloquist. Another one of her rare accomplishments is getting every one around her tickled to death and then putting on a solemn look and—oh, well, we all report to Room 14. Anyway Nan's "plenty good."

HUBERT JOHNSON

"PEVINE"

Age, 17; Weight, 190; Height, 5 feet 9 inches

Science Club, 3, 4; Athletic Association, 2, 3, 4.

Hubert, better known as "Pevine," is quite a good fellow, jovial at all times, and ready for a bet of any kind. He has gone in for science all the four years of his High School life, so we take it he'll be a second Mr. Roller. We can't say surely though, for we hear he is going to be in the play, so it may be acting is his line; but nevertheless whatever he takes up, we believe he will be a success. He surely may take with him the best wishes of us all.

JOE JENKINS

"JINKS"

Age, 17; Weight, 135; Height, 5 feet 8 inches

Athletic Association, 1, 2, 3, 4; Lewis Literary Society, 4; Science Club, 3; Glee Club, 1.

Here's one of those quiet unobtrusive fellows that you know is present, although you don't. You know that he's on your class, but you seldom hear from him, either for the good or for the bad. With his Ford or "Roll Jordan Roll" you can generally find him in company with either his brother, Birdsong, or some of the others. Although he possesses a slightly red head he is not inclined toward mischief, as are the majority of his kind. He comes nearer filling our idea of an embryo deacon in some big church.

EDWARD LEE JENKINS

"Ed"

Age, 16; Weight, 130; Height, 5 feet 4 inches

Athletic Association, 1, 2, 3, 4; Science Club, 3, 4; Lewis Literary Society, 4.

Ed. is the shadow of his brother, with hair and height changed. He generally follows Joe around and laughs when Joe laughs. He is quiet, extremely good natured and care-free. Either books do not like Ed or he doesn't like them, since they seldom seem to be familiar with each other. With the exception of this tendency to hunt for pleasure and to neglect duty, Ed has left a clean slate in the minds of teachers and students at Raleigh High School.

GEORGE BUTLER JUSTICE
"MUG"

Age, 17; Weight, ?; Height, 5 feet 8 inches

Science Club, 3; Athletic Association, 2, 3, 4.

George is one of our quiet boys, or at least you'd think he is; but when you know him he is one of the best of fellows. You've seen people who can tell jokes? Well George can beat all those you know, I'll say he can! Another thing about him is that he is the most optimistic member of the class; and optimism is a gift to be coveted. We hear "Cicero" is a good friend of George's.

MACIE LEE KING
"SHORTY"

Age, 16; Weight, 101; Height, 5 feet 2 inches

French Club, 4; Dramatic Club, 4; Science Club, 4; Morson Literary Society, 3, 4; Basketball, 4; Athletic Association, 3, 4.

She is a wee lass, but very sweet; that's it, Macie is sweet. One of her habits is telling Miss Richards, "I'll do it tomorrow"; but that isn't a fault, for all of us do it. Another habit is a new "crush" per week. Shorty also plays basketball. We all hope she makes her "R"; in fact we wish the best of all things for our "Little Girlie."

GEORGIE KIRKPATRICK
"JOYGIE"

Age, 17; Weight, 115; Height, 5 feet 6 inches

Morson Literary Society, 4; French Club, 4; Secretary Girls' Athletic Association, 4; Dramatic Club, 4; Senior Play; Girls' Reserves, 4.

Georgie left us after our Freshman year and returned to us this year. I'll tell you we were glad to see our old friend. She has dropped back into her old place in such a fine way you'd think she had been here all along. Georgie took one of the leading parts in the Senior Play, and held it down admirably. Such a girl is "Joygie" that she wins friends wherever she goes and we, who are all her "buddies," hope she'll always be "plenty" happy.

FREDA ANNA LAZARUS
"BILLIE"

Age, 16; Weight, 112; Height, 5 feet 3 inches

Morson Literary Society, 3, 4; Ho'mart Club, 4; Science Club, 4; Athletic Association, 3, 4; Dramatic Club, 3, 4; Girls' Athletic Association, 4.

Good looking clothes, pretty hair and eyes, and a lovable disposition, all go to make Freda the best looking girl in our class. She loves to plan good times and help enjoy them. She may be seen at almost any time driving her car with a merry "bunch" piled in it. But listen! if you want to see her cheerful smile fade away and a most horrid frown take its place, just mention Solid Geometry to her. Oh well, we all have our troubles. Freda's a "good ole sport," and our hat's off to her.

NEIL HENRY McLEOD, JR.

"Fuzzy"

Age, 17; Weight, 148; Height, 5 ft. 11 1-2 in.

Football, 4; Lewis Literary Society, 4; Hi-Y, 4; Secretary Class, 3; Athletic Association, 1, 2, 3, 4; Senior Play.

Fuzzy is a fine old boy, and the Class of '22 will unanimously vote him so. Ability, did you say? Well I should smile, he has it, and in many lines. Did you go to the Senior Play? Wasn't he grand? Could you imagine any one better? Do not the answers to these questions suffice to prove Henry's ability? If ever you should want to argue, why go to this "lad"; he'll take either side of any question.

MARGARET LINEBERRY

Age, 17; Weight, 115; Height, 5 feet 8 inches

French Club, 4; Athletic Association, 1, 2, 3, 4; Honor Society; President, 4.

Margaret is our honor student. Having made "A's" and "B's" for four solid years is no mean nor little task. We regret, however, that in striving to attain the distinction of standing highest in her class (in recognition of which achievement she was elected the Most Studious member of the class) she has lost much by not having participated in the minor but nevertheless important activities of the class and school.

ANNE ELIZABETH MARSH

"Lib"

Age, 17; Weight, 101; Height, 5 feet 4 inches

Morson Literary Society, 3, 4; Honor Society; Ho'mart Club, 4; Vice-President, 4; Athletic Association, 3, 4; Dramatic Club, 4; Marshal, 3.

There isn't a nicer girl in our class than "Lib," and certainly not a finer, more sincere one. Lib is pretty, attractive, and gay, having all it takes to make a good all round girl. She always manages to have a good time, come what may. But I must hasten to say that her good time doesn't interfere with her studies, she always makes the honor roll, and is a member of the Honor Society; so you see what a genuine "humdinger" she is. Whatever she does in after life, she will do it well; and in years to come she may feel she has always had the good will of her classmates at old R. H. S.

JOANNA MATTHEWS

"Jo"

Age, 18; Weight, 110; Height, 5 feet 5 inches

Athletic Association, 2, 3, 4; Ho'mart Club, 4; Morson Literary Society, 2, 3.

"Jo" is without a doubt a beautiful girl; in fact she was voted the prettiest in her class; isn't that a distinction? Everybody has heard the old saying, "Pretty is as pretty does." Well, Joanna *does* just as prettily as she is pretty. All who know her like her. I never heard any one say Jo was a "shark" at books, but she gets there; isn't that the idea anyway? The Class of '22 says, "Good luck and happiness to you, Jo."

W. LAURENCE MATTISON

"MATT"

Age, 18; Weight, 155; Height, 5 feet 9 inches

Football, 4; Hi-Y, 4; Lewis Literary Society, 4;
Athletic Association, 1, 2, 3, 4.

"Determination will get you there," seems to be Matt's motto both in studies and in football. Matt, like the rest of us, wasn't born particularly brilliant, but was endowed with a good stock of common sense. Aside from the fact that he is a good football player, an earnest worker, and a genuine gentleman, we know little about him. If further references are needed, his good friend and chum Henry McLeod is amply able to furnish them.

JULIAN STEPHEN MOORE

Age, 16; Weight, ?; Height, 5 feet 6 inches

Athletic Association, 1, 2, 3, 4.

Julian is so very quiet we hardly know him, but what we do know is all to his credit, for it may be noticed that these quiet students are always there when there is real work to be done. He is always in a good humor and consequently has no enemies in the Class of '22.

ORLAN MULL

"CICERO"

Age, 18; Weight, 128; Height, 5 feet 8 inches

Basketball, 4.

Of course you know "Miss Mull"; if you went to any of our thrilling basketball games you'll never forget her. She's an all round good sport and we all like her. Our only sorrow where she is concerned is that we didn't "get" her until this year.

MARGARET GRACE MUNNS

"MAGGIE"

Age, 16; Weight, 116; Height, 5 feet 3 inches

Girls' Reserves, 4; Morson Literary Society, 2;
Athletic Association, 4; Girls' Athletic Association, 4.

One of Miss Richards' delights is "Maggie," for she can typewrite almost as fast as some of us can talk. She is quiet and lets her work speak for her, for she is quite a student. She has many friends among the prospective "stenogs" with whom she always chums.

LANDRUM IVEY NORRIS

Age, 17; Weight 133; Height, 5 ft. 5 1-2 in.

Basketball, 1; Dramatic Club, 4; Morson Literary Society, 3, 4; Athletic Association, 2, 3, 4; French Club, 4.

Landrum lives on Blount Street. Consequently the proper place to seek information concerning her is from the University of North Carolina and N. C. State College boys. She may be found with Sarah most of the time and the two together constitute about one-fifth of the bobbed haired members of the Senior Class. Having been associated with Landrum for four years, we hate to leave her, but fate has destined that the class must graduate and go its way, so there remains with us only the hope of renewing acquaintance and re-establishing friendship with Landrum when and wherever possible.

RALPH F. NORWOOD

Age, ?; Weight, ?; Height, 5 ft. 8 1-2 in.

Lewis Literary Society, 1, 2; Athletic Association, 1, 2, 3, 4.

We don't know Ralph as well as we'd like to, but we do know that he has plenty of sense; and we know too, that he knows how to use it. To prove this we'll say that he is one of the three, and the only boy, that is taking the High School course in three years; and he has made scholarship grades all these years. He has a grim determination, and we feel sure that some day he is going to make a great name for himself. We are very proud that he is a member of the Class of '22. We wonder if Ralph will ever have a "Wedding?"

LUNDIE CALVIN OGBURN
"CAL"

Age, 17; Weight, 140; Height, 5 ft. 11 1-2 in.

Athletic Association, 3, 4.

Calvin came to us in our Junior year from far off California. He has proved his worth as a student, and has shown himself to be exceptional in mathematics and science. He has kept himself, for the most part, aloof from the rest of the students; and while but few are intimately acquainted with him, yet all are well aware of the fact that he has great ability as a student and is always ready and willing to match his teachers both in the way of knowledge and wit.

GEORGE OWEN
"LITTLE MOSES"

Age, 17; Weight, 128; Height, 5 feet 7 inches

Lewis Literary Society, 1, 2, 3, 4; President, 4; Science Club, 3, 4; Secretary-Treasurer, 4; French Club, President, 4; Secretary Class, 2; Hi-Y, 4; Football Squad, 4; Editor *Purple and Gold*, 4; Athletic Association, 1, 2, 3, 4; Dramatic Club, 3, 4; RATTLER Staff, 3; Honor Society, Secretary, 4.

Our most ambitious classmate. George "is there" in more ways than one. Just look at this year's *"Purple and Gold,"* it has been a credit to him. And my goodness! when it comes to studies, why George just beats everybody in sight. If there is company in the French class, Miss "Liza" will always show him off and bask smilingly in his radiance. "Dortie" is a member of the Honor Society, and a well deserved honor it is. We can't imagine anything other than the most successful of futures for George.

SIDNEY PAKULA

"Sid"

Age, 17; Weight, 135; Height, 5 feet 5 inches

French Club, 4; Science Club, 4; Athletic Association, 1, 2, 3, 4; Dramatic Club, 4; Editor of *Raleigh Times* High School Page, 4.

Sidney is one of the best of our boys. Ambition is one of his specialties, and we really believe he'll do the things he intends to do. Sam and Sidney are a second Damon and Pythias, and a fine pair they do make. Sidney is "plenty" smart and we all gape, and wonder "how he does it," when we read some of the things he writes; and we guess you do too 'cause he writes so much for "The Magazine." The School News in the *Times* is another piece of Sid's handiwork. All in all, don't you think he is rather wonderful?

HENRY NATHANIEL PARKER

"Hank"

Age, 17; Weight, 160; Height, 6 feet 2 inches

Athletic Association, 1, 2, 3, 4; Lewis Literary Society, 2, 3, 4; Secretary-Treasurer, 3; President, 4; Hi-Y, 3, 4; Vice-President, 4; Triangular Debater, 2, 3; Science Club, 3; President Class, 3; Editor-in-Chief RATTLER, 4; Chief Marshal, 3; Honor Society; Treasurer, 4; Football Squad, 4.

Here is the "man" of the class; how in the world would we have gotten along without him? Nobly did Henry lead us through our trying Junior year. All that THE RATTLER is he has made it, to a great extent. Why, in fact we believe he can do almost anything! We have heard he has a failing for "Sophs," but we wouldn't say for sure; anyhow he's a prince of a good fellow. The Class of '22 will rise, take its hat off, and give Henry a vote of thanks for the many things he has done for us during our four years of happy High School life.

ANNIE MOORE PARKER

Age, 16; Weight, 129; Height, 5 feet 5 inches

Glee Club, 1, 2; Morson Literary Society, 2, 3; Athletic Association, 2, 3, 4; French Club, 4; Dramatic Club, 4; President Class, 1.

If more curiosity was ever bottled up in a square yard than is bottled up in Annie Moore we would patiently expect a loud and terrific explosion, for if anything is brought around and she does not find out all the details of the object in question in less time than it takes to tell, it's simply because she isn't present. Keep her away from Sarah, Motion Picture magazines, and pictures of Rodolph Valentino and she will become a diligent student of the text books, but otherwise she'll secure her education from other sources.

DOROTHY PILLSBURY

"Dot"

Age, 17; Weight, 115; Height, 5 ft. 5 1-2 in.

Glee Club, 1, 2; RATTLER Staff, 3; Secretary Class, 2; French Club, 4; Athletic Association, 2, 3, 4; Magazine Staff, 4.

Now here is a fine lady for you, and a very popular one too. The Class of '22 will never cease to wonder how in the world "Dot" can stay away from school so much and get away with it, and yet be there for all things of importance. Ability? We call it genius. And this young lady is pretty too, and wise, a charming combination. I declare there are so very, very many nice things that could be said of Dorothy one hardly knows where to stop; but we will close by saying she is an A-1 girl, and we all like her.

MARY RATCLIFFE

Age, 18; Weight, 114; Height, 5 feet 4 inches

Morson Literary Society; Athletic Association.

We take it Mary's High School career has been a success, though a very quiet one. (Sometimes we wonder if it wouldn't be better if more of us were inclined to be quiet.) We know though that Mary is a worker, for she always seems hard at it. If you want a friend, why, the Class of '22 will recommend Mary as the girl to fill the requirements; what more could we say for her?

HANNAH RENFROW

Age, 16; Weight 110; Height, 5 feet 4 inches

Glee Club, 2; Athletic Association, 2, 3; French Club, 1; Morson Literary Society, 1; Girls' Reserves, 1.

Hannah is one of our quiet girls, with quite a charming manner. She is always here and always knows her lessons. She has a smile for us all and a kind word for most of us. Hannah is sweet, and we couldn't possibly help liking her.

EVERETT ROGERS

Age, 19; Weight, 149; Height, 5 feet 8 inches

Everett is slow, plodding, quiet and earnest. Although he hesitates frequently and is generally a little behind the rest, yet he possesses such an earnestness and determination that he usually arrives at his destination safe and sound. We know little of him except in his school life. He comes in and goes out with the bell, living his own life in his own little world.

MAE ROGERS

Age, 17; Weight, 142; Height, 5 feet 6 inches

This young lady is very pretty; she wears wonderful looking clothes; in fact is one of our best. She doesn't worry much when it comes to studying, but we believe she will make "it" if she doesn't give up.

MARY ALICE ROBERTSON

Age, 17; Weight, 110; Height, 5 feet 4 inches

Morson Literary Society, 2, 3, 4; Vice-President, 4; Ho'mart Club, 4; President, 4; Science Club, 3, 4; Dramatic Club, 3, 4; Student Producer Senior Play, 4; Girls' Reserves, 4; Senior Play, 4; Chairman Junior-Senior Party Committee, 3; Honor Society; RATTLER Staff, 4; Class Historian, 2; Athletic Association, 1, 2, 3, 4; Girls' Athletic Association, 4.

Here's the most popular girl in the Senior Class. A more sincere, earnest, and hard-working girl has never been in Raleigh High School, and it is safe to say that none ever will. The class surely made no mistake in bestowing the much desired title on Mary Alice. Whenever there is anything on foot she is not only willing to lend a helping hand, but she also puts all her ability and zeal into the undertaking. She is a member of the Honor Society; this shows that her standard in scholarship is as high as is her standing in the eyes of her fellow classmates.

HENRIETTA RIGGSBEE

"JANE"

Age, 19; Weight, 110; Height, 5 ft. 3 1-2 in.

Girls' Reserves, 4.

Jane is one of the business women of the Senior Class and we predict a great career for her in the business world and, perhaps, in the matrimonial as well. For a further list of her traits see her most ardent admirer, Elsie.

JOSEPHINE GRACE ROWLAND
"Jo"

Age, 17; Weight, 125; Height, 5 feet 5 inches

Ho'mart Club, 4; Morson Literary Society, 2, 3, 4; Girls' Reserves, 4; Dramatic Club, 4; French Club, 4; Athletic Association, 3, 4; Girl Scouts, 3; Vice-President, 3.

Josephine is our class singer. Whenever singing and pep is necessary put "Jo" in charge and she'll deliver the goods. Then too she is a good actress, as was shown by her success in handling the part of the versatile and austere Aunt Janet in the "Gypsy Trail." She has acquitted herself handsomely as a student, and has shown herself a ready and willing worker in all the undertakings of the class.

REGINALD RUSHTON
"Kid"

Age, 18; Weight, 155; Height, 6 feet

Football Squad, 4; Baseball, 4; Basketball, 3, 4; Track, 3, 4; Captain, 3, 4; Hi-Y, 3, 4.

Behold "Uncle Reggie" of King "S" and Raleigh High "5" fame. Some call him "Kid" and some "Speed," but regardless of what's what, when the lady-folks in Richmond and Tarboro don't fall for him there's bound to be something propping them up. Captain of the Track Team and the outstanding forward on the Basketball Quint, Rushton made his debut into the athletic world with a sweeping gesture. Whatever college gets Rushton surely gets good all-round athletic timber; for he has speed, weight, and size.

RUBY SAUNDERS
"JACK"

Age, 18; Weight, 145; Height, 5 feet 2 inches

Morson Literary Society, 1; Athletic Association, 3.

Ruby and "Maw" are the best of friends, and we think true friendship is an admirable quality in any one. But "Rub-a" is fine in many another way besides this. She is a "cracker-jack" when it comes to typewriting and shorthand, and everybody knows that's no "cinch." Of course, it's hard to say what a girl will do when she graduates but we've heard some thrilling things about Ruby and—oh, well we shall not tell. Whatever she does and wherever she goes we wish her the best of everything.

MARY SEPAK

Age, 16; Weight, 110; Height, 5 ft. 5 1/4 in.

Glee Club, 1, 2; Athletic Association, 2, 3, 4.

A charming brown eyed lassie is Mary. No matter how blue everything is, Mary always looks on the bright side of things and has a good time. Her motto seems to be "dance and the world dances with you"; nevertheless she's a good student, and typewriting with Mary is quite a fad. She also spends a great deal of her time in the sewing room where she and the needle work wonders on cloth.

FRANKLIN SHERMAN

"FRANK"

Age, 17; Weight, 125; Height, 5 feet 7 inches

Hi-Y, 4; Baseball, 3, 4; Athletic Association, 1, 2, 3, 4.

There are two occupations that rank highest in Frank's mind: viz., hunting and carpentry. Give him a gun, a dog, and a patch of woods; and if there is any game around Sherman is likely to clean it up as thoroughly as the general of a like name in the Civil War succeeded in cleaning up Georgia. Or give him a saw, a hammer, and some lumber; and he will prove himself to be as good a carpenter as you please. He is a great believer in the outdoors and the rugged and sterling qualities of the hills and woods predominate in his personality and have left their wholesome effects cut deep in his character.

EUNICE SIMPKINS

"DUMPS"

Age, 17; Weight, 125; Height, 5 ft. 1 1-2 in.

Morson Literary Society.

Eunice is one of these, what do you call 'em? elusive persons, hard to get acquainted with; you know what I mean. We all like her and wish we knew her better. You never see her but she gives you a nice sweet smile. These smiles are always helpful to us and we all appreciate them. The Class of '22 believes she will be a success in life, whatever she goes in for; and we say to her, "Good luck, classmate."

MYRTLE MARIE SMITH

Age, 17; Weight, 2; Height, 5 feet 5 inches

Morson Literary Society, 1, 4; Athletic Association, 3, 4; Science Club, 4; Girls' Athletic Association, 4; Girls' Reserves, 4.

If you want to know anything about Myrtle ask Hallie, because one is rarely seen without the other. Their long friendship speaks for her stick-ability. She is also a very good student and we predict for her a great success in her chosen work, which we think will be business, since she belongs to the group of business students.

LILLIAN SMITH

Age 18; Weight 120; Height, 5 ft. 8 1-2 in.

Glee Club, 1, 2; Morson Literary Society, 1, 2, 4; Science Club, 4; Dramatic Club, 4; Athletic Association, 3, 4.

Lillian is surely a true friend; this we can prove by her long friendship with Kathleen, and she has also proven a friend to the Senior Class. She and Kathleen are almost inseparable. She is also one of the few "lucky gals" who wear a 1923 ring on her middle finger and a R. H. S. monogram with a star. For further information see Kathleen.

THOMAS NEAL SPENCE
"HOOKER"

Age, 18; Weight, ?; Height, 6 feet

Football Squad, 4; Basketball Squad, 3; Team, 4; Baseball Team, 3, 4; Captain Baseball, 4; Hi-Y, 3, 4; Lewis Literary Society, 1, 2; Athletic Association, 1, 2, 3, 4.

Goodness gracious me, but "Hooker" is independent! He's a good old scout though and will always give you a square deal. Tom was quite a star on both our basketball and baseball teams, being captain of the latter. We are proud of his record in both of these sports. We all hope Tom will have the happiest of happy futures.

KATHRYNE SPINGLER
"KAT"

Age, 18; Weight, 115; Height, 5 ft. 3 1-2 in.

Morson Literary Society, 3, 4; French Club, 4; Vice-President, 4; Ho'mart Club, 4; Secretary, 4; Athletic Association, 2, 3, 4; Glee Club, 1, 2; Class Basketball, 1, 2; Girls' Reserves, 4; Dramatic Club, 4.

She is liked by the entire class and well deserved is her popularity, for they don't make 'em any better than "Kat"; it just couldn't be done. Although she has red hair we believe she is the exception that proves the rule when it comes to disposition. "Kat" has a car, and she is "right there" with a "gang," at all the games. We consider her one of the best sports in our class, and we are proud to claim her. While she is always ready for fun, she doesn't let it interfere with her lessons, for she is a splendid student, although we have heard that she and "Math" are not the best of friends.

JOHN MOORE STRONG
"BLAZEY"

Age, 16; Weight, 140; Height, 5 feet 7 inches

Lewis Literary Society, 3, 4; President, 4; Hi-Y, 4; RATTLER Staff, 3; Historian, 4; French Club, 4; Science Club, 3.

Arguing, arguing, arguing! Of course you know that's John M. Red-headed, freckle-faced, always in a good humor and forever in mischief. Have you ever seen John Moore come in to fifth period study hall a little late, seen Miss Tillet's eyes snap, heard a low mumbling sound, seen Miss T. smile, heard John laugh, seen him go to his seat and not have to report to room fourteen? If you haven't you've missed a lot. But with it all he's splendid and we couldn't have gotten along without him.

MARGARET STROTHER
"LIZZIE"

Age, 17; Weight, 120; Height, 5 feet 6 inches

How can we describe our classmate and fellow student, Margaret? You know there are some folks about whom there is so much good to tell that one doesn't know where to start. Therefore we will just say that she is one of our best, quietest, and most thoughtful Seniors, always ready to perform her share of work and pleasures alike, and let it go at that.

VERNA BELLE SULLIVAN
"TINY"

Age, 17; Weight, 99; Height, 5 feet

Kinston High School: Athletic Association, '18-'19; Rountree Society, '18. New Bern H. S.: Glee Club, '21; Girl Scouts, '21. R. H. S.: Girls' Athletic Association, '22; Morson Literary Society, '22; Girls' Reserves, '22.

"Tiny" is the very latest addition to our class, coming to us as a New Year's gift from New Bern. She reminds us somewhat of a cyclone as she took not only the Senior Class but the whole school by storm. It took her only a short time to fall in step with us and make herself one of the leaders of the class. She loves to dance and have a good time, but doesn't let this interfere with her school work. Three cheers for "Tiny."

RUTH TEACHEY

Age, 16; Weight, 110; Height, 5 feet 5 inches

Morson Literary Society, 3, 4; Dramatic Club, 4; Science Club, 4; W-Six, 4; Basketball, 4; French Club, 4; Athletic Association, 3, 4; Girls' Athletic Association, 4.

Ruth is our star basketball guard. And well does she deserve that title, for all through the season she played with a consistency and with such earnestness that she kept her berth on the first team throughout the season, although she had stiff competition. Keep her away from Helen, and she is attentive and studious, but let her drift near her chum and immediately she becomes as giggling and as laughing a girl as ever there was. Whatever she undertakes in earnest she accomplishes. If earnestness should become her watchword, the opportunities before her are limitless.

CARRIE JOSEPHINE THACKER

"JOE"

Age, 16; Weight, 95; Height, 5 ft. 3 1-2 in.

Morson Literary Society, 1, 2, 3; Science Club, 3, 4; Dramatic Club, 4; French Club, 4; Ho'mart Club, 4; Athletic Association, 3, 4.

Now, all of you know that Josephine is always ready to lend a helping hand, from the depths of puzzling trigonometry to teaching classes for Mr. Holmes. She should become a teacher by and by, because she has had so much practice this year. We wonder if she will teach her pet subject—Trig.? She is so bright that we believe she could possibly teach Virgil; we know that Mr. Morson thinks she could.

PEARL MORRIS TEISER

Age, 17; Weight, 106; Height, 5 feet 3 inches

French Club, 4; Secretary, 4; Ho'mart Club, 4; Reporter, 4; Athletic Association, 1, 2, 3, 4; Science Club, 4; RATTLER Staff, 4; Class Day Officer, 4; Senior Play; Girls' Reserves, 4; Dramatic Club, 4; Morson Literary Society, 3, 4.

Now, this young lady is our actress. Of course, you saw the Senior Play? Please look at the heroine. Pearl can do lots of other things besides acting. Among them are drawing, having a good time, and doing her lessons well. As for French, we hear she is one of Miss Liza's stars. She is one of those kind of girls that are best described by the words, "sweet and pretty." We believe that the future holds in store for Pearl the best that a wholly successful life affords.

HELEN TOYE

Age, 16; Weight, 11½; Height, 5 feet 5 inches

Morson Literary Society, 1, 2, 3, 4; Athletic Association, 2, 3, 4; Science Club, 4; Dramatic Club, 3, 4; Basketball Squad, 4; Glee Club, 1, 2.

Oh-ho! Behold our class flirt! Watch out, if you don't want to be "vamped." But, all joking aside, Helen is a good old girl, having as one of her outstanding traits what is commonly known as "the gift o' gab." Enthusiastic and happy are the words that come as near as any other to "summing her up."

ARCHIE BIRCKEHEAD UZZLE

Age, 17; Weight, 125; Height, 5 feet 8 inches

Science Club, 4; Baseball, 3, 4; Athletic Association, 3, 4.

Archie Uzzle! Why, he's a great baseball player. He has done a lot this season to lead our team to victory, and we all appreciate it. Playing baseball is not the only thing that Archie can do well, though. He has been with us all four years of our High-School career, and we know. Just ask anybody for a list of his accomplishments.

NANNIE ELIZABETH UELTSCHI

"E. E."

Age, 16; Weight, 128; Height, 5 feet 9 inches

Morson Literary Society, 1, 2, 3; Glee Club, 1, 2; French Club, 4; Girls' Reserves, 4; Athletic Association, 3, 4.

"Liz," as she is often called, knows so much French that we all envy her when Miss Eliza calls on her to read French or translate it. That isn't all. She knows the latest things in dresses, and is admired everywhere for her good-looking clothes. If you want to know how to construct a dress, ask Liz, because she always knows. She is an expert at many things, including typewriting and shorthand.

AGNES LOUISE WAITE

Age, 17, Weight, 105; Height, 5 feet 3 inches

Morson Literary Society, 1, 2, 3; Dramatic Club, 2, 3; Athletic Association, 2, 3; Ho'mart Club, 3; Girls' Athletic Association, 3.

If ever you want a young lady who is really nice, really neat, with plenty of common sense, then turn your attention to our classmate of three short years—Miss Waite. Although quiet and reserved, as well becomes her, she is known by all her class to be sterling and unsurpassed in character. Judging from her accent, we believe her not to be a native North Carolinian, but that does not prevent us from admiring her splendid qualities and pronouncing her as one of the finest girls in Raleigh High School.

ROY WANDECK
"Red"

Age, 17, Weight, 135, Height, 5 feet 6 inches

Science Club, 4; Athletic Association, 4.

We don't know Roy as well as we would like to, for he just came to us the first of our Senior Year. But during his short stay with us he has made no enemies, but many friends.

MARGARET LUCILLE WEAVER
"Bob"

Age, 17; Weight, 128; Height, 5 feet 7 inches

Morson Literary Society, 1, 2; Athletic Association, 1, 2, 3, 4; Basketball, 1, 2, 3, 4; Girls' Reserves, 4; Orchestra, 1, 2; Glee Club, 1, 2.

Lucille is our basketball wonder. Such expressions as the following: "Miss Weaver put up her usual stellar game at center," make us very proud of "Cile." In fact, she is considered one of the best centers in the State. Lucille also takes a great deal of interest in other forms of athletics, such as baseball, girls' track, etc. How *will* the basketball team of next year get along without her? Why, really, how will any of us do without "Cile"?

ESTHER WEDDING

Age, 17; Weight, 83 1-2; Height, 5 ft. 2 in.

Morson Literary Society, 1, 4; Science Club, 3; Athletic Association, 1, 4.

Here is one—the quaintest girl in the Senior Class. She was not nominated as such, because there was no vote on that question. She surely is a good short-story writer, and can make you sit up and take notice when she reads one of her themes. Esther has made her four years of High School in three. We are, indeed, proud to have so brilliant a scholar in our midst. But, to change the subject—we wonder if Ralph will ever have a “Wedding”? We can’t tell, but we would bet that Esther could, if she only would.

RUBY ELLA WHITFIELD

“RUB-I”

Age, 16; Weight, 100; Height, 5 feet 5 inches

French Club, 4; Athletic Association, 4; Girls’ Reserves, 4; Glee Club, 1, 2.

And this is our “speed queen” when it comes to typewriting. Goodness me! but she does strike the keys in a wicked way. Ruby is good in all her classes, for that matter, and is a fine, likable girl. We know that when she gets to be “somebody’s stenographer” she’ll be a howling success; and wherever she may be, she takes with her the good wishes of her classmates.

KENNETH WELLON WINSTON

Age, 17; Weight, 149; Height, 6 feet 1 inch

Lewis Literary Society, 2; Hi-Y, 4; Athletic Association, 2, 3, 4.

The honorable Mr. Raymond. Kenneth played the part of millionaire and "father" in the class play, with all the dignity that such a part required. Kenneth is usually very quiet and unassuming, but one day he nearly broke up Miss Russell's history class with the biggest knife; it looked like a regular dagger, but after measuring it we found it to be "just within the law."

SADIE VIRGINIA WINSTEAD

Age, 17; Weight, 125; Height, 5 feet 6 inches

French Club, 4; Glee Club, 1; Athletic Association, 1, 2, 3, 4.

Sadie is a quiet girl, but one who is liked by all. We hear she is quite fond of State College, but—?? Sadie shines on Latin and is one of Mr. Morson's specials. She is "just a good old girl."

ROXIE WILSON
"SHRIMP"

Age, 17; Weight, 100; Height, 5 feet 5 1-2 in.

Athletic Association, 1, 2, 3, 4.

One hardly knows what to say of Roxie: she is so very quiet, and seems to be hard to get acquainted with. But let us say that when you do know her, you find it was well worth your while, for one could not imagine a truer, nicer friend than she is. Generosity is one of her outstanding traits, and to be generous through four years of high-school life is quite an "accomplishment." When it comes to lessons, Roxie is there, "Johnnie-on-the-spot."

WILLIAM VINCENT YOUNG
"BILL"

Age, 19; Weight, 145; Height, 5 feet 6 inches

Hi-Y, 4; French Club, 4; Athletic Association, 1, 2, 3, 4.

Bill is certainly the tormentor of the class. His favorite pastime is pretending that he is on very friendly terms with you, but at the most unexpected moment he'll do one of his acrobatic stunts and nearly frighten you to death. Aside from this, Bill's just fine. He was voted the best-looking boy in the class, by most of the boys. Bill is popular among all his classmates.

History

FOUR years! Four long years of hard work: study, classes, study hall, football, basket-ball, tennis, track, afternoon sessions, and holidays. Now that it is all past, we look back on the long months of school days and Saturdays with satisfaction and perhaps relief; but still there is a queer feeling in our hearts as we recall the times we have had here, but are to have no more. Perhaps, like Scrooge, we may later be able, from whatever position we may attain, to exclaim, "Why, I was a boy here!"

But now we may look confidently to the future. We realize with joyful satisfaction that our years have not been idle. With the kind aid of the Faculty, we have accomplished as much in school work as any preceding class. The highest fourth of our class was eligible for membership in the Honor Society, from which only fifteen per cent could be elected.

We have attained a higher standard in scholarship than has any other class; nor do we have any reason to be ashamed of our athletic standard; for, although we may not have won as many victories as have some other classes, still we have played the game on the square; and, after all, "When the Great Score Keeper comes to reckon the score, He will not count whether you won or lost, but how you played the game." The Class of '22 has had a large number of its members to represent old R. H. S. in athletics.

GARLAND GREEN
Vice-President

The successes of the Senior Class of '22 have been many and complete. The "Purple and Gold" was brought up to a very much higher standard this year than ever before, largely due to the contributions of Seniors and the untiring work of a member of the Faculty, J. F. Cason, whom we are proud to call a member of our class.

Mr. Victor M. Davis, our impersonation of "pep," with the immediate backing of the Senior Class, put the Athletic Association on a firm financial basis! The situation was so handled that every sport had an adequate amount of money for equipment and a hearty backing from the student body for spirit.

The Senior Play was a splendid success. Miss Russell coached a capable cast, in which Pearl Teiser and Henry McLeod were the leading characters, to a wonderful degree of dramatic ability. The play made such a hit before a big audience that it

CLAY BRIDGERS
President

traveled to Tarboro, where its former success was repeated. Mr. Costner, as advertising manager, contributed largely to its success.

A major accomplishment of the Class of '22 was the editing of the best RATTLER ever put out at the Raleigh High School, both as to financial and editorial management and content.

So the Seniors of Raleigh High School, in their high standard of school work, their contribution to athletics, in their publication of the RATTLER, their backing given the "Purple and Gold," their Senior Play, and in their school spirit and practical help given to the Athletic Association, have reached the high-water mark in high-school accomplishments,

which it has no reason to fear will be surpassed in the immediate future.

And now, time, with antagonizing indifference to our will, is pushing us out of our peaceful high-school existence and forcing us to make important decisions as to the future. Most of us have planned to attend college, but some will grapple with the world of work and worries immediately; but, thanks to the steady hand of Mr. Morson and the kindly advice of Miss 'Liza, combined with the efforts of our interested Faculty, we may confidently set out to conquer the future.

MARGARET HANDY
Sec.-Treas.

MR. CASON
Honorary Member

JOHN M. STRONG.

Last Will and Testament

We, the class of 1922, realizing that the "Parting of the Way" has come, do meet together to draw up this, our last will and testament, in which we bequeath to those we leave behind the things that have been indispensable in our high school life.

Article 1. We bequeath to the incoming Seniors our hut, our dignity, and last, but not least, our Senior Privileges. These possessions we relinquish only with the assurance that they will be passed on to the succeeding Senior Classes in their present status, without any alterations.

Article 2. We bequeath to the incoming Juniors a new compass and ruler to aid them in mastering that new and delightful subject, Plane Geometry.

Article 3. We bequeath to the incoming Sophomores the incoming Freshmen and the motto, "Let your conscience be your guide."

Article 4. To the incoming Freshmen we bequeath our colors, our flowers, and our motto, that they may follow in our glorious footsteps.

Article 5. To the three Senior teachers we bequeath the following articles:

Section 1. To Mr. A. F. Roller, Esq., we bequeath a pair of Roller skates, a Roller-coaster and a Roller sulphur, all of which we presume he invented when he was at Georgia Tech.

Section 2. To Mr. V. M. Davis, Esq., we bequeath the sum of fifty cents per month to be used to hire Louis Parham to adjust his maps on History class.

Section 3. To Mr. J. F. Cason, Esq., we bequeath William Jennings Bryan's book on "Darwinism" with the autograph of each Senior on the four respective fly-leaves.

Article 6. To Mr. Costner we bequeath a bobbed haired Sophomore as nurse for Mr. Costner, Jr.

Article 7. To Miss Eliza we bequeath (at her own request) new reasons why she has never married.

Article 8. To Mr. Morson we bequeath the name of the new High School.

Article 9. To Mr. Herzig we bequeath the power to stop all aspiring athletes from smoking.

Article 10. To Mr. Wessinger we bequeath a pair of knee pants to aid him in keeping up his youthful appearance; also a suck-egg mule, with Clyde Wilson as hostler.

Article 11. To Mr. Jennerjohn we bequeath a river and a lake to sail his boat in.

Article 12. To Mr. Smith we bequeath some dainty laces to put in his cedar chest.

Article 13. To Mr. Williams we bequeath more Freshmen in order that he may get all the experience he desires with that class.

Article 14. To Miss Russell we bequeath a Benedict so that she may put on "Much Ado About Nothing."

Article 15. We bequeath Winnifred Beddingfield's talkativeness to Foy Lineberry, George Owen's brillianee to Clyde Wilson, Henry Parker's tallness to C. D. Brigman, and Clay Bridgers' peculiar beauty to Leo Bagwell.

Article 16. We bequeath to any of the aforesaid anything they may want, providing they will call by Mr. Holmes' office, knock, enter, and take it.

Article 17. To Mrs. Parker we bequeath some one to write Pink Slips.

Article 18. To Miss Tillett we bequeath all her legitimate desires, including a man-size salary and a disposition that does not change with the weather.

Article 19. To Mr. Holmes we bequeath the Junior Class, who entered school along with him.

Article 20. We bequeath to the above anything that they, too, may want.

Article 21. We name as the executors of this last will and testament Mr. William A. Yost, Jr., Mr. Clyde Wilson, and Mr. Louis Parham, so that we may rest assured that we leave our valuable property to be divided in such a way as these worthy and revered gentlemen may deem best and proper, and that this, our last will and testament, will never be contested in or out of the courts of this land.

Therefore we heremto do set our hand and seal, this the ninth day of June nineteen hundred and twenty-two.

CLASS OF NINETEEN TWENTY-TWO.

State of North Carolina,
City of Raleigh,
Office of P. M. Teiser.

Witnesses:

Success

Spirit of the Class of '22

Up life's lone weary way we've toiled,
Though oft our cherished plans were foiled;
Though oft our fondest hopes were crushed;
And oft within, our spirits hushed.

'Til in the distance there appeared
An ancient temple grandly reared,
Around which were not gardens seen,
Of odorous shrubs and spreading green.

But from its walls a soften strain
Of music came; and then again,
The chant of worshippers, to bless
The gathering throng crowned with success.

POET.

Junior Class History

The doctors were beginning to despair over their patient, a young man of about thirty-five. He had suffered a shock at twenty-eight that had rendered him senseless to everything in the past. The doctors had given up hope of his ever regaining his past memory. A time for consultation had been appointed and the three attending physicians were expected. The time arrived. They began discussing the things they had tried. From first to last, everything was gathered concerning this young man. Every possible remedy had been resorted to, it seemed, but without avail. After discussing for a while, one of the three doctors exclaimed, "I have it!" His exclamation was greeted by a look of surprised interest from the other two doctors. They leaned forward expectantly. Finally the one who had first spoken said: "You know, most people say that high school days make more impression on one's life than do any other events. I believe if we should recall his high school days to him it would clear his mind."

"Anyway, we'll try," said the other two together, "and you'll be the one to go out and collect the facts about his high school days and then we will discuss them."

After some persuasion they finally got the doctor's consent to go out and collect the facts. The doctor went out and labored for days, weeks, and even months till at the end of three months labor he brought in what he and the other two thought would be the means by which this young man's memory might be restored. He presented this information to the other doctors who strongly approved of it. The next day was the time for the test. The doctors came in with the same hopeless look. The first one said to the other two, loud enough for the young man to hear it:

"Don't you remember the day we entered high school, how big we felt to be called high school students? And you know, Bill, we didn't mind that name 'freshmen.' Then at our first examination, when we were to be tested for Latin, science, and all that, we shuddered, but came out alive. Our class came in in 1920, as you know, and it always had the reputation of the best one in high school. Our principal, too, don't you recall, came with our class. At the close of our first year we were very proud. Then too, Bill, Old Boy, when we came back in the fall of 1921 how we looked on the freshmen and remembered that we, too, were once in their place! Bill, do you remember Mr. DeBruyne, our algebra teacher, and Miss Wiley, our English teacher? Oh, but those were good old days! After examination we elected our officers and also the same historian that we had the year before. And sure, you can't have forgotten that one of our members made the basketball team. Then in our junior year, Bill, weren't we dignified, though! I'll say we were; and my, but that was the best

year! We furnished the football team with seven out of the eleven men; and the basketball team with two regulars, but didn't we have a right to be proud Bill, with all those, Cloyce Tew, Willa Dean Grey, and Catherine Cox, from our class to make the debating team? And oh, I was about to leave out something. You remember the junior girls that were on the team, don't you? They were fine players, too.

"How about when we elected officers?"

"Yes, and I have a good mind to beat you now for electing me historian. But I got away with it all right, I believe."

"You certainly did."

"Now, Bill, surely you remember when a package was brought into the room in a wooden box. Then there were whispers in school. The package was opened and lo! the rings! The long-looked-for rings had arrived at last."

Just as he said this the man's eyes began to light up as if a cloud had been drawn from over his memory, and he seemed to understand.

"And," concluded the doctor, "we finished up our junior year, with glory to our future class of '23 and we are realizing the results."

Slowly but surely the intelligence, which raises man above all other creatures, began to sparkle and gleam in the heretofore dull, expressionless eyes of the man. Yes, he began to understand, and the useless brain was again to do the tasks for which it was created—and what more effective tool could have been used than the all-absorbing interest of high school incidents?

Sophomore Class History

The Class of '24 is very proud of the work that it has achieved this year. At the beginning of the Fall Term the entire class started to work with a will and have stuck to it throughout the year. Because of this the Sophomore Class has played a large part in the activities of the school.

At the beginning of the year the following officers were elected:

MARGARET YORK.....*President*

SUSAN WOMBLE.....*Vice-President*

FRANCES GIBSON.....*Secretary-Treasurer*

We were very glad to have had so many of our classmates go out for the various sports and we were represented in practically every branch of athletics.

Several of our boys were on the football team and showed their ability as football heroes.

In the basketball season the Sophomore Class surely made an excellent showing by contributing Sue Mowery and Lucy Scott, two of the "Shining Stars" on the team. We feel that they were largely responsible for the team winning the Central Championship.

The Sophomores just walked off with the two banners in the inter-class basketball series and they also took one of the home room pennants.

Mr. Wessinger's Sophomore boys were the first to go 100 per cent in buying season tickets.

The Class of '24 was also well represented in the State-wide Triangular Debate. In the preliminaries Catherine Carter was selected as one of the debaters against Durham. Susan Jolly, another "Soph," was chosen as alternate on the team that debated against Charlotte. While the High School lost the debates, the class is proud of its debaters and sees a bright future for Raleigh High School in debating circles.

Our class is very proud of its mascot, George MacAuley Costner. It has been rumored that the Seniors are very disappointed that they didn't get him as their mascot, but the Sophomores beat them to it.

One of the Sophomore English classes has issued a newspaper which was written and edited entirely by the members of the class under the able direction of Mrs. Covington. *The News and Observer* carried an article about this little paper in its columns and of course every section of the State heard about it.

A large part of the orchestra is made up of Sophomores. This has taken a big part in all the activities of the school, and we feel sure that it has become a permanent part in the school.

In fact, the Class of '24 has been in everything, pushing and backing to the fullest of its ability. Although we are proud of what we have done we mean to make such a showing in the next two years that we will be rated as the best class that has ever been in Raleigh High School.

HISTORIAN.

History of the Freshman Class

We came, one hundred and seventy-nine strong, a hopeful, palpitating, "green" bunch of "Freshies." Only a few of us were acquainted with upper classmen, so we

"Wandered lonely as a cloud
That floats on high o'er vale and hill."

An age passed. The last bell rang. We poor, frightened Freshmen marched bravely into normal High School life. Our minds were not eased by the muttered "We'll get you. Just you wait and see!" of the Sophs—whom we most deferentially addressed as "Sophomores." These threats haunted us as ghosts until nearly Hallowe'en, when we received an invitation to a Hallowe'en party given by the Sophs to us. Presto, change! Our fears vanished, and we came tripping to the party with light hearts.

In the first week, each time the bell rang for changing classes, we wandered around in the halls for fully ten minutes, looking for our classes. We would rush pell-mell to Mr. Costner's room in search of "Mr. Herzig's Math Class," or to Mr. Davis' room and inquire for "Mr. Morson's Latin Class."

The Freshmen Science classes had a Christmas party and a tree. It was a great success. Hilarity reigned, and even the teachers laughed and joked. Miss 'Liza was caught under the mistletoe. Could it be by design?

We approached our mid-year "exams" with many misgivings. All of us had good reason to worry and grow pale with fear, but some of us got by all right. Many of us answered Science questions with Latin verbs, and Latin questions with mathematical formulas.

Our awe-inspiring mid-year exams passed, we are steadily plodding on towards Sophomority, athletics in the open air enlivening the way. We look forward to being Sophomores with great anticipations, for how we shall lord it over those poor, "green" Freshies next year!

The Season

Without a single varsity player in the line and only two in the backfield, Coach Herzig was confronted with the insurmountable task of whipping into shape a team that might hope to meet the crack elevens of the State. The team was inexperienced and for long weeks it drilled and scrimmaged in the dust of the State College red diamond.

The team was christened with fire for the first time against Wilson High at League Park. In a sea of mud the teams battled and Coach Herzig's outfit showed real ability and a promising start. The score was 12 to 0 in Raleigh's favor.

Wake Forest scrubs at Wake Forest was the next game. Outweighed by over 15 pounds to the man the Highs fought the scrubs to a 6 to 6 finish, the two varsity players distinguishing themselves. In this game the team played well, worked together and displayed real team work.

Then the team began to slip and Durham romped away with the third game of the season, 20 to 0. The students were there and supported the team to their utmost ability, but it was useless to match a team with so little experience against one of the best trained machines in the State.

The decline continued and Rocky Mount administered the second defeat of the season. Score 32 to 0.

But despite the severe defeats it had received, the team and student body still trusted in the ill-omened team and confidently expected revenge from Durham. However the impossible is impossible and with one victory, one tie and two defeats to its credit the crippled eleven again undertook to take Durham's measure, but were overwhelmed, losing by the score of 41 to 0.

The championship series began, and running his men through extensive drilling, Coach Herzig prepared them for the first game with Oxford. Outplayed in the first half, the rejuvenated team came back in the second part and with attack after attack gradually began to roll the visiting team back. Victory was certain, but the whistle blew and the game was over, but not lost. Score: 0 to 0.

At Oxford the two teams fought scoreless for three quarters and in the last minute of play the Oxford center sent the ball hurling over the quarterback's head and Raleigh had made a safety ending eight quarters of playing with a score of 2 and 0.

The Smithfield game, the third in a week, was played at Smithfield, and the team was knocked out of the race, 7 to 0.

The curtain of the 1921 season was run down, showing the world that one year of coaching, however good, could not possibly put forth a team that might hope to meet the teams of other schools on equal grounds or to bring back the days of '13, '14, and '15.

Williamson, center	Coley, right halfback
	Glass, fullback

FOOTBALL TEAM

BLANCHE LEWIS, *Sponsor Football Team*

Basketball Season

The opening game was played against Clayton on the "Y" floor and, due to the good work of Chappell, it ended 31 to 30 in Raleigh's favor.

Tarboro was then roundly beaten 32 to 6, but on the same trip Wilson handed out the first defeat 17 to 11. Greensboro came to Raleigh and the second defeat was received 29 to 23.

The team was in good shape and embarked on the Virginia trip in good spirit. Petersburg, Richmond, Norfolk, and Portsmouth were all played and all ended disastrously. In nearly every game the opponents were outplayed, outpassed and outshot in the first half, only to have things decisively reversed in the final part.

The game after the return home was with Durham at Durham, which was dropped by a margin of 5 points. Tarboro then came for a visit and was handed an even worse defeat than at first, 56 to 10. Flushed with this victory the team was confident of its ability to secure revenge from Durham, but failed to consider the vast improvements going on in the Bull City quint and were beaten, this time by a 7-point margin.

The pendulum swung and Raleigh handed Sanford a 32-21 drubbing. But the pendulum swung back to the losing column and Smithfield walked away with the first championship game, 32 to 22.

The team showed its fighting spirit, however, when in the final game of the season they staged a great comeback when it defeated John Marshall High School of Richmond. This victory helped to serve as a salve for the many defeats of the season, as the Virginians were decisively defeated by a score of 22 to 19 in one of the best high school games ever seen in the City of Oaks.

CONQUERORS OF JOHN MARSHALL

FRANCES HANDY, *Sponsor Basketball Team*

Girls' Basketball Season

The girls' basketball season was indeed a success. The team seemed to have as its motto "All pull together," and it certainly "Pulled." The first game was played with Fayetteville, in which we were victorious to the tune of 30-12.

Our next game was with Methodist Orphanage. Our team walked off with the big end of a 42-3 score.

Next we played Greensboro in which game we were defeated, but not until we had tied the score and an extra period was required to bring the final score to 19-21.

Then came the game with Sanford on their court. Again we walked off with a huge victory of 40 to 18.

Sanford then came to try her luck at old Raleigh and again we showed them up to the tune of 14-11.

We then tried our luck with Wilson, who we wiped off the map with a score of 40-24.

It seemed that Greensboro was our Waterloo. Again on our own court she defeated us by the narrow margin of 20-19.

We went to Wilson and gave them another licking, ending up with a score of 34 to 23.

At Tarboro we gave our opponents another taste of our strong game by defeating them, 54-19.

When we went to Smithfield we once more "walloped" the opposing team with the score of 37-23.

Kinston came to us very confident, but we gave them the small end of a 27-19 score.

When Smithfield came to Raleigh we again made them bite the dust, the final score being 28-20.

At Kinston we met with our third and last defeat of the season, that being by the small margin of 2 points; the score was 22-24.

Soon we again met our old friend, Greensboro. Hard we fought this time, and came out, after a hard fight, just 3 points ahead—23-20.

With Reidsville we had our most exciting game of the year. When time was called, the score stood tied at 29-29. Reidsville made good one of her free throws, thus putting the score 30-29. But after a time Sue, our star, got a basket and the game was ours at the score of 31-30.

Our last game was with Sanford, it was surely an easy victory, the final score being 20-8. This victory made us the champions of Central Carolina.

CENTRAL CHAMPIONS

Baseball

THE SEASON

The team put up only a fair brand of baseball, and were not supported as heartily by the school as the football and basketball teams had been. The season started with a practice game with Selma, and a tremendous blanking was received.

Cary was then tackled in a two-game series, and again Raleigh was defeated. Score, 6 to 2 in the first game, and 10 to 9 in the second. Hiner's pitching was the feature of the game.

In an errorless game on Raleigh's part, Sanford handed the team its fourth consecutive beating, 1-0.

After this defeat at the hands of Sanford, the team hit its stride, and Roanoke Rapids was taken into tow, 8-7, and Henderson, 7-6. But it did not last, and in the first game of the championship series Durham put an end to all the team's aspirations, winning by the score of 5-2.

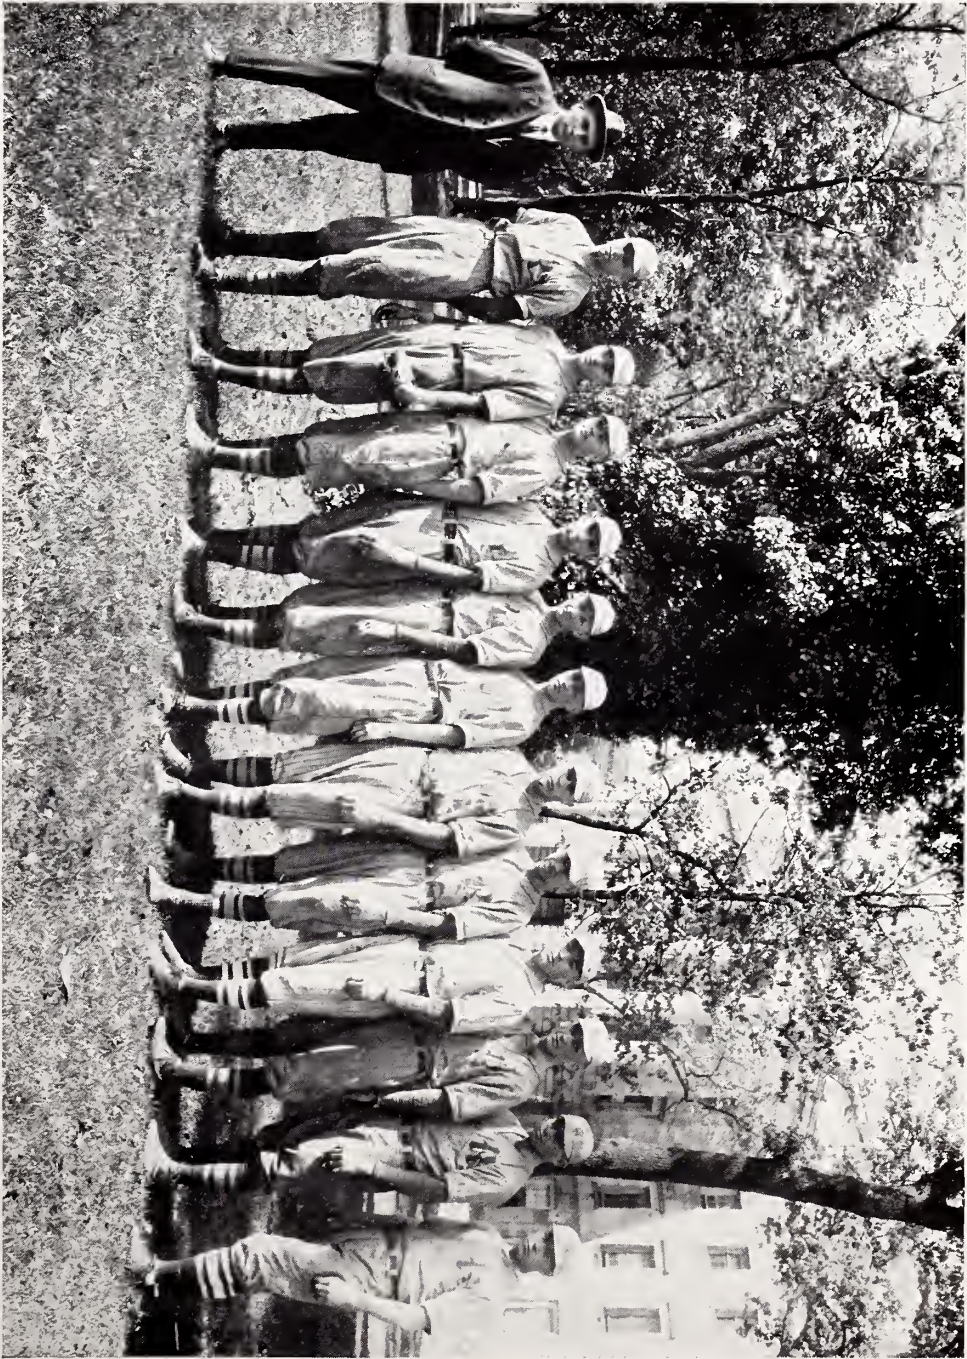

In the last game of the year, a post-season affair, the team defeated Henderson for the second time, with a score of 5-3.

Goodbye to The Senior Girls

Here's to luck in the future years,
Luck to our graduates dear;
Here's health, wealth, and happiness
And always the best of cheer.

We're sorry to see you going old girls,
But all the same we're glad;
We know how hard you've worked this year,
And you want your diplomas bad.

We are sorry to lose your leadership;
We'll miss your faces much;
We're glad you've got what you worked for,
Units, diplomas, and such.

We know you're glad to graduate,
Oh yes indeed—but my!
Come on 'fess up, aren't you sorry
You've got to leave Raleigh High?

EVOLUTION STRIKES RALEIGH HIGH SCHOOL

The spirit and essence of Charles Darwin himself stalks about Raleigh High School boldly and in plain daylight. Despite William Jennings Bryan's assertion that he ain't no monkey's grandson, two members of our revered faculty, Mr. H'Penserosa L' Allegro Cason and Mr. Sodium Hydrostatic Roller openly and publicly make known their belief.

When this goes to press no rival as yet has stuck his head above the horizon, but a lively debate is anticipated if one should dare be so rash.

CHANGES NECESSARY

To prevent this high school from going upon the rocks of destruction it is necessary that changes be made in the faculty. 'Tis too bad but 'tis too true. Times have changed and we must meet them. Miss Eliza must be banished, and be succeeded by some one who will allow the girls of this school (who only follow their natural desires and impulses) the use of the lip-stick and flour barrel in order to attract the attention of the rougher sex.

Mr. Morson is entirely behind the times. Everybody knows that in this Rough and Ready age the sacrilegious Virgil should not be taught when such splendid works of literature as "When a Man's a Man," "Main Street," and "Private Pete" may be obtained.

It's all too bad but changes are necessary.

Supt. String Beans Underwood has gone to Chicago to attend the N. E. A. Convention.

Prof. Al Falfa Roller will be absent from class on next Friday when he goes to attend the Amalgamated Association of Scientists.

Senior Statistics

As I've been elected the statistician of the Class of '22, it now becomes my painful and, in some cases, sorrowful duty to submit to you for approval what I have recorded as the true characteristics of a large number of him and hers that make up the "Senior Class." If in doing this I have made the truth too plain I can only ask your forgiveness for having followed the teaching of my parents and teachers, always to speak the truth, let it hit whom it may. I have had considerable trouble in getting up these statistics because some of the students are too bashful or too demure to answer questions. I have had to take measurements and make observations in most cases when the student body had become so bored listening to some dry subject by some professor that here and there one would fall asleep and all unsuspecting give me an opportunity to find out what I had tried for days by diplomatic questioning to obtain.

Sadie Boykin, a very attractive member of our class, is in stature a very small girl, but if you judged from the fuss she makes you would think she was the largest member in our class.

A few days ago the members of the Fire Department sent over a request that Frank Bell be not allowed to sit near the window as they had started over in full force more than once, thinking they saw the reflection of a blaze in the school room, when it was only his red head.

Of course, when I mention the Anna Case of our class, you will know at once that I have reference to Julia Delamar, who has so delightfully charmed us more than one time with her classic music. Julia has only one rival in our class who is struggling for this prominent place, and if I had to judge which deserved the honor it would be very hard to decide if Rodeme Allen doesn't sing almost as well as Julia.

Two of the best looking girls in the Senior Class are Mary Alice Robertson and Sarah Brooks. The only thing that mars the beauty of these girls is the exact straightness of Sarah's nose and the very small mouth of Mary Alice.

Now that I have mentioned the best looking girls of the Senior Class, I feel that it is my duty not to slight our handsome boys. There are not any two boys in our class that can beat George Justice and Pevine Johnson in good looks. The most attractive feature possessed by George is his large head and insufficient number of teeth, every other one of which is missing. Now Pevine is a very dainty fellow with small feet which are sometimes mistaken for violin cases. He is also very undeveloped, being only five feet and eleven inches tall, and weighing only one hundred and ninety pounds.

Now I've almost slighted Ernest Brackett, one of our most attractive young gentlemen, who insists on wearing one red sock and one white sock. We can't account for this except that he was once a freshman at State College, but has rapidly advanced to the Raleigh High School. We all feel very sympathetic towards him too, because, it has been rumored that he has been disappointed in love more than once, one of his latest objects being a member of our class, who slipped off and got married a few weeks ago.

Now that I'm on the subject of love I mustn't forget to mention the entangling love affair of Pearl Teiser. After she had fallen in love with a dignified senior, they finally decided to get married. Pearl seemed to be very happy and was enjoying their great love until the curtain came down and ended the "Gypsy Trail." Still I think Pearl is going to "trick" some man some day because she sure is a romantic girl. After studying the girls one day on my English Class I discovered we had another romantic girl. This was none other than Katherine Bretsch. Two or three times I caught her just gazing off into space, listening and longing, as if some voice was gently calling her from a distance. By the look in her eyes I can tell that some day she will answer this call and will be caught up in the matrimonial stream of life.

Gracious! we do have some funny looking folks in our class. There's Henry Parker, who after being very carefully measured, is six feet and two and ninety-nine one hundredths of an inch tall. There are fat girls too in every class. However for the honor of being the fattest there is great rivalry between Carol Davis and Landrum Norris. The only difference in their weight is one pound, six ounces, four pennyweights, and two grams. Joanna Matthews I think is one ugly girl, notwithstanding the fact that she was elected the prettiest girl in the class. It is my duty, though, to disregard the popular sentiment of the class and get down to cold facts. Of course, Clay Bridgers was voted the best looking boy, but I think Julian Moore has him beat a mile. And as for Adna Howell, the most attractive, there's no truth in it, because Elizabeth Ultschi is lots taller and more stylish looking and I think tall girls are far more attractive. We have noisy folks too. The teachers cannot obtain discipline in the class room on account of the noise made by George Owen and Margaret Lineberry. I feel that I have the right to criticise the weakness in these two folks as I'm so quiet myself. Franklin Sherman, our wild man from Borneo, brings to our class tales of many bears and gorillas that encounter him on his great hunting expeditions. In every class there are always some girls who are not going to be old maid school teachers, but are going to keep house. After close observation I came to the conclusion that some girls were just not capable of living alone much longer. Josephine Rowland is so dependent that she will soon need

the aid of some one to help her bear the struggles and temptations that this life offers. Then there's Annie Moore Parker and Josephine Alford, who are always eating, and I am sure that they won't mind cooking for one more; so you see there are future housekeepers in our class. All girls of the Senior Class are very stylish and wear short dresses, but they all open their eyes and gaze when Dorothy Pillsbury walks by with her short dress. Last but not least comes the dull members of our class. I think this distinction will be awarded to Charlie Ashby, Calvin Ogburn, Sidney Pakula, and Claude Denson.

Now there are many other statistics which if mentioned would add still more to the distinctions of the Class of '22, but the lack of time and space makes it impossible for me to record them without intruding too far upon your valuable time.

WINNIFRED BEDDINGFIELD.

Cupid Takes His Toll

Cupid has shot his arrow and the arrow went not into the air to fall to earth I know not where, but straight to Victor Morson Mansfield Morrisville Morgan Morbid Maltreated Melancholy Maltricolated Married Davis' heart it went. Consequently he got married Christmas.

The Moon

Oh Moon! Oh Moon! Oh beautiful Moon,
How do you come from behind the clouds so soon,
To cast thy light down uponst me,
Free of charge, so free, so free.

The Sea

Oh Sea! Oh Sea! Oh beautiful Sea,
I love to stand and gaze upon thee,
Because thou remindest me,
Of thee, oh Marjorie, of thee.

A Story With A Moral

TRUE TO LIFE

It was about five-thirty one Saturday evening at the Superba Theater and Sam Ginsberg and his girl (we do not divulge her name because it might embarrass her) had gone to see Wallace Reid in "If you can't make love to your girl at home, take her to the Movie Show." As said before, it was about five-thirty and Sam took her then because they could get in for forty cents before six and since Sam's weekly allowance was but a dollar he had to in order to save the remaining twenty cents that they might go by the California Fruit Store and invest in two chocolate milk shakes.

They finished seeing the ads at about a quarter of six, and then came the great Wally himself. For about an hour they sat, cooing every now and then and drinking in, into their inmost souls, the captivating mannerisms of the great and only Wallace. Then in part five Wallace came gallantly forth and heroically threw off all the suspicion that hung over his head, and claimed his lady.

It was then that the catastrophe occurred. Wallace came forth in a black sweater and immediately a murmur of admiration swept over the audience and over Sam's girl too.

"Oh!" she said, "My husband must be just like that; tall, timid, and handsome. He must have a farm, an automobile, a bank, horses, chickens, cows, a tee-hound——"

"But Lady."

"He must have a handsome colonial mansion, extensive business connections, a nice pond for boating, an airship and he must be above all tall, timid and handsome."

And then Sam in exasperation, despair, disgust, jealousy, hatred, hope, faith, and charity busted out, "Looky here, woman, that's all right, but I ain't no department store."

And Sam walked home with a downcast air and twenty cents in his watch pocket.

Moral: If you can't make love to your girl at home don't take her to the movie show.

In a very exciting game on January second Mr. Davis' Devil Dogs were very badly beaten by Mr. Cason's Crazy Cats. The game was very amusing to say the least.

Bill Yost Journeys To Rocky Mount

AND HAS GREAT ADVENTURE THEREIN

Along with the Raleigh High School Gridiron Guerillas went wee Willie Yost, the star guard (at least he said he was), to attack the Rocky Mount Eat 'Em Alive Eleven. Just before the battle began, our dear, all dolled up, entered a store to purchase a lemon, when he heard a girl say, "Oh, ain't he cute," and Bill with his usual alertness followed it up with "I sure am." But then in came her father and Bill didn't get a chance to get her name so as to use some of his Fifth Avenue pink stationery.

So Bill was much disappointed and entered the game much down-hearted. After the game was over and the team had started for town, Bill found that his wearing apparel should cause him a little delay for some reason or other. So he started to town alone and lonesome, when suddenly his backbone became a spinal cord, and spinned it did. As he traveled along, amongst his trials and tribulations, he suddenly caught sight of a track running down the middle of a street, and, groaning and grunting, he sat down to await the first city-bound car. But Willie was tired and sick and worn out, and so his eyes closed and travelled to the land of sweet dreams and sweethearts. While thus pursuing this course with his slumbering mind and melancholy soul, he heard a terrific roar and woke up. A wee bit of dust sauntered up into the air from the track. Billy, our mighty and valiant warrior, arose and hurled his condemnation upon the motorman and his wife and children. Then he sat down to await another car, and again he slumbered off, and again there was a mighty roar, and a little more dust sauntered up into the sky. Bill arose and still more angered he fumed and fussed and hurled vile epithets upon the motorman's grandfather, grandmother, the motorman himself and his wife and children. Just then an old and ancient negro came around the corner, and Bill, daring and bold as he is, bravely accosted him.

"Say, nigger, how often do these street cars run here?"

"These whats runs?"

"Street cars!"

"Oh, my golly, is you one of these here countrified white trash what doesn't know a street car from a railroad train? Oh, my golly! Oh, my golly!"

So Bill groaned and grunted, felt his spinal cord, groaned and grunted again, walked slowly up to town, missed his dinner, and groaned and grunted again.

The Woe Man of Today

ESTHER MARRIAGE

The woe man of today is ideal. Although she has a few faults, while too numerous to mention, they are not enough to talk about, and it will only do them good to take a fling. Let the girl who wishes to take a fling take the fling, and soon she will strike solid ground and make a better woe man.

Ho' Mart Club Entertains

The Ho'mart Club gave an entertainment last Wednesday night entitled "Rip, Snorter, Rip," a three-reel comedy, for the benefit of Mrs. Ebenezer Catfish, who recently had her son's, Ebenezer, Jr., a dear little boy, tonsils tuned. About six dollars were realized. The club wishes to thank everybody.

"Life" says that there are 160,000 hairs per human head and that the Beau Brummells to be stylish must have 80,000 on one side and 80,000 on the other. What about it Clay, official b. b. of '22?

Sam Ginsberg had taken his girl to the Superba one afternoon to see the "Four Horsemen," and right after the Germans had slaughtered the people of Monte Blanche he turned and asked her how she liked the picture.

"Oh," she said, "it's too killing for words."

Mr. Edwards: "Jim, where did you take the car last night?"

James Edwards: "I just picked up some fellows and took them for a little ride."

Mr. Edwards: "Well, er, I wish you'd tell the fellows not to leave any more hair-pins in the car."

Lucile's little brother had been down to the Almo to see the "Last of the Mohicans" and was very much impressed by it. Several days later he came running down to his mother, exclaiming, "Mamma, mamma, Lucile's getting ready to go on the warpath; she's putting on her war-paint."

A traveling salesman had died suddenly and was taken home for burial. His employer telephoned the florist and ordered a wreath to be made and a piece of ribbon with the inscription "Rest in Peace" on both sides, and if there was room, "We shall meet again in Heaven." The florist's assistant took the order and fixed the design. When it arrived at the funeral, the man's mother was shocked to read, "Rest in peace on both sides, and if there is room we shall meet again in Heaven."

A Bloomfield, Iowa, woman, while talking to her husband over the long distance from a booth in that city, was repeatedly interrupted by her little son. He made so much noise and became so unruly that she left the receiver off the hook, grabbed the youthful offender by the arm and took him to the hall where she gave him a regular old-fashioned spanking. She then returned to the booth and completed the conversation without the least interruption. At the finish she became very angry because of the charge for overtime, and insisted that the time she spent spanking be deducted from the charge.—*The Northwestern Bell*.

PHONE 421

Little Louise was lost on the street and was brought into the police station. The officers tried in every way to learn her name. Finally one of the officers said, "What name does your mother call your father?" "Why," said Louise, very innocently, "she don't call him any name; she likes him."—*Harper's Magazine.*

For the past fifteen years the Educational Department of the Bureau of Engraving, Inc., has been collecting a vast fund of information from the experiences of hundreds of editors and managers of Annuals.

This data covering organization, financing, advertising, construction, selling and original features has been systematically tabulated and forms the subject matter for our series of reference books. These are furnished free to those securing "Bureau" co-operation in the making of engravings for their books.

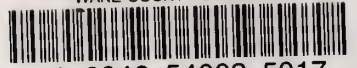

Begin where others have left off. Profit by their experience and assure *success* for your Annual.
